COLONEL
RESENTS.New York Hostility
Hurts Roosevelt.Consults With Friends and
Concludes on Course of
Action.He Will Let the "Old Guard"
Work Alone and Take All
Responsibility.Hopes to Avoid Appearance
of Fight Against the
Administration.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Aug. 18.—(Exclusive Dispatch.) Theodore Roosevelt spent today in what was probably the most important political conference he has had since he left the White House. He gathered about him a group of his close friends and talked over with them the situation which is best expressed in the reports that relations between President Taft and himself are strained to the breaking point.

William C. Clegg, Jr., collector of the Port of New York; Lloyd C. Griscom, chairman of the New York Republican County Committee; William D. Calder of Brooklyn; Frederick J. H. Kracke of Brooklyn and Representative W. W. Cook of Col. Roosevelt's home district, took part in the conference.

From what was said by some of the visitors, it was learned that the chief and his friends have agreed on a plan of action which will hold until the situation shapes itself more clearly. Briefly stated, it is this: Colonel Roosevelt is to stand aside in the New York State campaign and let the "Old Guard" fight its own fight and thus shoulder all the responsibility for the conduct and result of the campaign. He is neither to endorse nor criticize the Taft administration. He is to keep out all around it.

Through some of today's visitors it was learned why the colonel had decided to keep his hands off. He feels that the Republican State Committee is refusing to endorse him for temporary chairman of the State convention—a position he had agreed to accept, much against his will, with the knowledge that he would be better responsible for election results—acted in a manner that would make further activity on his part as if he was leading a factional fight against the administration.

It was said that Col. Roosevelt does not deem it either wise or proper to permit himself to become involved in such a factional fight and that his present decision is that he will not go to the convention or take any part which would render him responsible. He has come to a definite conclusion, however.

ONE OBSERVATION.

(Continued on Second Page.)

REPLY.

"NO APOLOGIES" SAYS
CANNON; HE WILL RUN.

(ASSOCIATED PRESS NIGHT REPORT.)

DANVILLE (Pa.) Aug. 18.—Despite the declaration of Congressman Longworth that he will not again vote for Joseph G. Cannon for Speaker of the House of Representatives, Mr. Cannon will continue in the race, according to his own statement made to the Associated Press today.

He will go into the caucus as a candidate, no matter how many Republican Congressmen declare they will oppose his reelection. All he asks is that all those who go into the caucus abide by his vote and he promises to do the same.

He does not ask any man to pledge himself to vote for his reelection. If he believes that pledges will work against him in the election this fall, nor does he want any candidate for the Republican nomination for Congress to repudiate his party by failure to enter the caucus.

That Mr. Cannon was considerably nettled by the dispatch from Beverly was apparent this afternoon when a copy of it was handed him.

Mr. Cannon is usually ready to grant or refuse an interview with a moment's hesitation, but today he read and reread the Longworth statement, then dictated and dictated a half dozen statements before he got one that finally suited him.

There is no doubt that Mr. Cannon believes the Longworth statement was dictated by President Taft. He did not say so in so many words, but he indicated as much when he said: "It is time enough to answer the President of the United States if he has any statement to make touching on the House of Representatives when he makes the statement under his own hand. I will not fight windmills filled by breezes blowing from the tongue of political or personal enemies or friends."

Following a reply made to Longworth early in the afternoon, Mr. Cannon supplemented it with the following: "The legislation enacted and the administration made by the Republican party

CAT INHALED
HIS BREATH.Brooklyn Man Found Unconscious
With Pet Tabby on His
Bosom.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Aug. 18.—(Exclusive Dispatch.) The ancient superstition that the common house cat is addicted to the habit of inhaling the breath of babies and thus depriving them of life was apparently substantiated today by the experience of Samuel Rabinowitch of Brooklyn. A cat used Rabinowitch's bosom for a bed and his children for a pillow during the early morning hours, and Rabinowitch is in the Eastern District Hospital slowly recovering from the experience. When discovered, unconscious in his room, with the cat perched on his breast, an ambulance was hastily summoned. It took the ambulance doctor an hour to revive Rabinowitch by means of artificial respiration and heart stimulants. The physician said Rabinowitch was poisoned by the cat's breath.

PATTEN SELLS
EXCHANGE SEAT.CHICAGO SPECULATOR MAKES
NICE PROFIT ON IT.

New York Membership, Purchased in 1898, Is Sold by Brokers for \$70,000, an Advance of \$5000 Over Previous Offer—He Flashes Acceptance by Wireless.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 18.—(Exclusive Dispatch.) The New York Stock Exchange membership of James A. Patten, the Chicago speculator, who is one of the men recently indicted by a Federal grand jury in connection with the alleged plot in May cotton, when he is suspected to have engineered, was sold yesterday for \$70,000.

The member of the exchange was not made public. Mr. Patten is now on his way back from Europe, where he spent several weeks ago for a rest, and is expected to arrive here today on the steamship Adriatic.

Before sailing for his trip abroad, Mr. Patten left word with his brokers, J. R. Bachs & Co., to sell his Stock Exchange seat if a fair offer was received. The opportunity presented itself yesterday to dispose of the seat for \$70,000, which was an advance of \$5000 over the last price at which the membership was sold.

Mr. Patten was communicated with by wireless. He replied that the price was satisfactory and directed that the seat be sold, which was done.

Mr. Patten bought his seat on the Stock Exchange on April 3, 1898, when they were selling around \$54,000, so that by selling it for \$70,000 he has made a handsome profit.

AN AEROPLANE DESTROYER.

Hudson Maxim, Inventor of Maximite,
Says He Has Perfected the Gun
and the Projectile.

(BY DIRECT WIRE TO THE TIMES.)

ASHBURY PARK (N. J.) Aug. 18.—(Exclusive Dispatch.) Hudson Maxim, the inventor of Maximite and a brother of Sir Hiram Maxim, whose name has long been associated with long-range guns, declared here today that the aeroplane was fully developed for war purposes and that he had been at work for more than a year perfecting the kind of gun necessary to fight the aeroplane in the air. He said he had hit upon the right kind of gun necessary, and also the projectile, and would soon submit his invention to the government.

The gun will fire from every point of the compass through what Mr. Maxim called the "rotational concave." He laughed at the idea of dropping bombs from aeroplanes. In explaining why an aeroplane could not drop bombs on battleships, Mr. Maxim said it would move forward from the aeroplane's momentum while dropping and would not be in the line of the wind. He also said that explosives don't do the work for which they are famous when set off freely in the air or loosely against a surface.

CHOLERA TAKES FRESH START.

Italian Peasants Flee from Infected
District—Russian Immigrants Are
Blamed.

(BY DIRECT WIRE TO THE TIMES.)

NAPLES, Aug. 18.—(Exclusive Dispatch.) The cases of cholera which were reported some days ago in towns in the district of Avella have had an unexpected recrudescence. There have been four deaths at Trani, one at Balietta, and several cases in Andri.

All the measures taken by the sanitary authorities have only served to terrify the population. Entire families have fled from the district. The sanitary authorities have published a notice to calm the excitement of the population.

It is stated that this outbreak of cholera is due to the immigration of a number of Russian shepherds. As the forthcoming maneuvers of the Italian Adriatic fleet will take place between Greta and Naples, the sanitary situation has caused some alarm.

CHOLERA ALARMS GOVERNMENT.

BARI (Italy) Aug. 18.—The gravity of the situation in the province of Bari Delta Puglia, where cholera has broken out, is thoroughly appreciated by the Italian government. The town of Trani is seriously infected and in the last forty-four deaths reported in the latest advice, twenty have occurred in that place. There have been ten deaths at Barletta, one at Corigliola, two at San Ferdinando, one at Bisceglie, four at Margherita di Savoia, three at Andria and three at Trinitapoli.

SCANDAL.Huge Conspiracy Is
Discovered.Chicago State's Attorney Is
Investigating Big Fraud
Now.Shyster Lawyers and Quack
Doctors Are Furnished
"Sheepskins."Ramifications of a Monster
Swindle Are Said to Be
Widespread.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 18.—(Exclusive Dispatch.) A huge conspiracy with headquarters in Chicago and ramifications extending out all over the United States, whereby ignorant men are furnished with medical certificates and turned loose on the people in a vast army of quack doctors, was discovered today by Assistant State's Attorney Arnold in his investigation into the medical diploma scandal.

The discovery that shyster lawyers are furnished with fraudulent diplomas in the same manner as the quack doctors stirred the prosecutor, but information came to him indicating the conspiracy was even more widespread than he had dreamed.

He learned of cases where false diplomas furnished by the most famous of the "diploma mills" in Chicago and Springfield, were taken before the State Boards of Health of Ohio and other States, resulting in the issuance of physicians' licenses to men ignorant of medicine.

Not only were false High School diplomas issued, according to the prosecutor, but forged diplomas from medical schools.

He called on State's Attorney Wayman for additional detectives and an assistant to go into this new angle, believing that he would be able to trace the operations of these men into many States.

Mr. Arnold also was told that forgers had obtained medical certificates and had returned to their native countries to practice. As a result many were unable to comply with the strict requirements of Germany, Austria, and other European nations, and brought discredit on American medicine.

DEFENDER AND PROSECUTOR OF JAMES GALLAGHER.

Pierre P. Garven, prosecutor of Hudson county, N. Y., will direct the State's case against the assailant of Mayor Gaynor of New York City. Mr. Jackoff will defend the accused man, and says insanity will be the plea of the defense.

Opposing Attorneys.

GRATIFYING.

CONDITIONS FAVOR
GAYNOR'S RECOVERY.Question Now Uppermost Is Disposition
of New York Mayor's Assailant,
Gallagher—He May Furnish
Information of Supposed Plot.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 18.—(Exclusive Dispatch.) Fears that Mayor Gaynor would not survive the shot fired into his neck by James K. Gallagher have been almost completely dispelled by the developments in the condition of the patient yesterday and today.

The attending physicians issued a highly optimistic bulletin this evening and say the Mayor will be out within a very short time. The cough that worried the patient so much has almost disappeared and there is no further trace of the partial paralysis of one arm and one side of his mouth. He is not yet able to take solid food, but gets abundant predigestion nourishment and is very cheerful.

With his recovery practically assured, the question uppermost now is the disposition of Gallagher, who is said to be almost a wreck, following his act. Defendant at first, he has gone to pieces rapidly since being deprived of drugs and customary stimulants under the prison rules.

It is believed that the Mayor will use his influence in getting as light a sentence as possible for Gallagher, whom he considers the weak tools of plotters higher up.

It may be that Gallagher will furnish important revelations of the supposed plot against the Mayor, said to exist in police circles and in Tammany Hall, by incompetents whom the Mayor has severed from the pay roll.

Samuel P. Jackoff, who will defend Gallagher, will plead insanity for his client and is building up a strong line on that basis. It is altogether likely that Gallagher will get a long sentence, presumably in some asylum or quasi-prison.

PERSONS FAMILIAR WITH THE CONDITION AND HABITS OF GALLAGHER DO NOT BELIEVE HE WILL SURVIVE LONG, IF FORCED TO ABSTAIN FROM STIMULANTS AND SUBMIT TO RIGID DISCIPLINE.

The Council for James J. Gallagher, the discharged city employe who shot Mayor Gaynor a week ago last Tuesday, said tonight that Dr. John Kelly, who has been retained by the Knights of Columbus, of which Gallagher is a member, spent an hour with him this evening and came away with the belief that he is irresponsible. The doctor found there is a depression of the skull which would seem to involve an injury. The prisoner had an exaggerated idea of his own importance.

ALTHOUGH GALLAGHER, WHEN ARRESTED, SEEMED TO EXULT IN HIS DEED, HIS WARDENS NOW SAY HE SPENDS MUCH OF HIS TIME PRAYING FOR MAYOR GAYNOR'S RECOVERY.

LATE BULLETINS.

SHOW PROGRESS.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Aug. 18.—Nothing has developed to indicate that Mayor Gaynor is not making fair progress toward recovery. Only two bulletins were issued today—the first at 3 o'clock this a. m., the second at 9:30 o'clock tonight. Both were brief and optimistic.

The Mayor probably will be allowed to sit up again tomorrow and it is probable that Ruth and Marian, the youngest of the Gaynor children, will be allowed to see their father.

Luke E. Wright, former Secretary of War, called at the hospital today. He chatted with Mrs. Gaynor and saw the Mayor briefly. Thomas Gaynor, the Mayor's brother, who came East immediately after he was notified of the shooting, has gone back to his home at Springfield, O.

CURTAIN LECTURE.

WOMAN GIVES A BOLD
BURGLAR GOOD ADVICE.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 18.—(Exclusive Dispatch.) With a revolver in her hand, Mrs. J. W. Hunt of Aurora, Ill., scolded a burglar at her house last night, and then advised him to depart. She suggested that he get some work to do and quit robbing as an occupation.

The intruder listened submissively to the "lecture" and promised to be good. Then he fled into the darkness.

Mrs. Hunt was alone in the house, and from a couch on which she was reclining she saw the face of a man at the window. His fingers were pressed against the bottom of the sash and he was trying to push the window up. She left her couch and hurried upstairs, where she found her husband's revolver. Then she walked boldly down the stairway again.

She had expected to encounter the man in the room where she had seen him at the window. But the room was unoccupied and the window was still down. Mrs. Hunt then proceeded to the kitchen, where she confronted the burglar when he opened the back door.

Mrs. Hunt pointed the revolver at him and calmly informed him that she was not afraid. She told him that it would be well for him to turn around and leave the house. She then shook the revolver threateningly in his face, and she says she even smiled just a little.

The burglar pulled the soft hat down farther over his eyes and did not make a move while Mrs. Hunt continued talking. When she finished her reprimand and advice he said he would look for another job. He then left as requested.

COLUMBUS, Ohio, Traction Company Will Not Recognize Union—More Volunteers to Assist Sheriff.

(ASSOCIATED PRESS NIGHT REPORT.)

COLUMBUS (O.) Aug. 18.—Nothing came from efforts of Gov. Harmon today toward bringing about a settlement of the street-car strike.

The union is willing to arbitrate, but the company has steadfastly refused to consider such proposals.

President Proctor of the Chamber of Commerce today asked Business Agent Miller of the car men's union if the men would accept a settlement proposed involving an increase in wages to 25 cents an hour and abandon their demand for recognition of the union and the wearing of the union buttons. Miller said the proposal would not be satisfactory.

Mayor Marshall tonight greatly increased his force of police in plain clothes, who are hidden about the city in alleys and vacant lots, looking for stone-throwers, and Sheriff Sartain added 100 men to his list of special deputies and citizens who have volunteered to serve without pay.

THAT PRIMARY.

SPALDING
MAY WIN.Leads Works in the
District Court.Advisory Vote for Senator
Results as Few Had
Figured It.Keeling Compelled to Give
Up Hope of Election;
Wallace In.Contest for Secretary of
State Still Matter of
Guesswork.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Aug. 18.—A. G. Spalding has defeated John D. Works in the advisory vote on United States Senator to succeed Senator Flint. With only a few districts missing, the Spalding total stood 41,142 at midnight, with Works at 30,596. It is not thought that Works can overcome this lead.

The fight for the nomination for Secretary of State is still in doubt, with Frank Jordan claiming that he has won by a small margin.

SAN FRANCISCO, Aug. 18.—With but a few outlying districts to be accounted, hope flickered and went out in the camp of Francis V. Keeling at 9 o'clock tonight, and it was generally conceded that A. J. Wallace, the insurgent candidate, had been successful in his fight for the Republican nomination for Lieutenant-Governor.

As nearly as the figures can be computed, they justify the estimate that Wallace has a lead of about 1200 over the San Franciscans.

This ends a contest that has been in dispute every hour since the polls closed on Tuesday, and it gives to Hiram W. Johnson, candidate for Governor, a running mate who is the choice of the same faction of the party, the Lincoln-Roosevelt League. Keeling's majority over Wallace in San Francisco was large, but the heavy vote from the southern part of the State outweighed this in favor of the Los Angeles man.

STATE PRINTER.

Returns tonight, with some upper Sacramento Valley points still to be heard from, indicate that Friend W. Richardson of Berkeley, insurgent, is leading W. W. Shannon, incumbent, for State Printer. Shannon's strength in the party has been undisputed heretofore.

There are still two other contests undecided.

Florence O'Brien, insurgent; Frank Jordan, free lance, and Walter Wagner, regular, all claim the nomination for Secretary of State. During the day O'Brien showed a small lead, but later figures bring Wagner and Jordan to the front, with the distance between them varying as the figures are tabulated.

The nomination for the office of Clerk of the Supreme Court will go either to William H. Bemis, regular, or R. Grant Taylor of the Lincoln-Roosevelt forces. The tabulation tonight favored Taylor.

SPALDING WINS.

Perhaps the most interesting turn of all to the politicians who are eagerly watching the turn of affairs is the one between John D. Works and A. G. Spalding for indorsement for the United States Senate. In totaling the popular vote, Works appears to have a little the best of it. But Spalding is credited with a good number of Assembly and Senatorial districts won, and it is thought here in all quarters that he may be able to dominate the Republican caucus. In San Francisco alone he will more than likely have twenty-four out of the twenty-seven legislators. In Sonoma county he will have three, in Mendocino one, in Santa Clara one, and his supporters claim that this proportion will be continued throughout the northern end of the State, and well into the "progressive" stronghold in the south.

It is a question of districts, not popular vote.

Charles R. Detrick, secretary of the Lincoln-Roosevelt League, stated tonight that the "progressive" element in the party will dominate every county convention in the State and the State convention.

LOOSE TALK.

"With practically every fight for the separate offices won to our side," he said tonight, "we are now in control, and I think I can say that harmony reigns throughout. This seems to be the spirit. We have a working majority in both houses of the Legislature and therefore this body and the office of the Governor can work in accord." (Halt.) The Legislature is yet to be elected. Not one member of either branch has been chosen. They are merely nominated.

ALAMEDA COUNTY.

THE VOTE COMPLETE.

DENIES OFFER OF LAND BRIBE.

McMurray Says He Offered Gore No Money.

Replies "No" to Every Query Before Committee.

He Calls Indian Contracts "Plain Business."

(ASSOCIATED PRESS NIGHT REPORT.)

RULPHUS (JAN.) Aug. 18.—"It has been charged that I, through Jack L. Hamon, offered Senator T. P. Gore \$10,000 as a bribe to influence him in Congress to withdraw his opposition to the approval of your contract. Did you, or did you not, offer Senator Gore \$10,000 as a bribe to influence him in Congress to withdraw his opposition to the approval of your contract?"

J. F. McMurray answered "No" to that question in the hearing before the Congressional Committee investigating Indian land affairs today.

Mr. McMurray, who holds contracts with the Chickasaw and Choctaw Indians for the sale of \$20,000,000 worth of their lands in this state on a 10 per cent. contingent fee basis, was on the stand all day. The question was propounded to him by C. H. Smith, his counsel.

"Did you ever tell anyone the Vice President had any interest in your contracts?"

"I never did," answered McMurray. "Did you authorize Hamon to say Mr. Sherman was interested?"

"I did not."

"Did Senator Charles Curtis of Kansas ever have any interest in your contracts?"

"He never did, and I never told anyone that he did."

"Did you ever tell anyone that Congressman R. R. McGuire had any interest in your contracts?"

"I never did."

"Did you ever authorize Hamon to represent you before any members of Congress, or any one else?"

"I did not."

"Has any member of Congress, or any employee of any department of the government, any interest in your contracts?"

"They have not."

"PLAIN BUSINESS."

Describing his contracts as a plain business proposition, Mr. McMurray told of his relations with the Indians, which he said began in 1889. In the first contract for the sale of the land of the Choctaw, national Republican committeeman, of Texas, was a partner, McMurray said.

These contracts were disapproved by President Roosevelt in 1904, and Mr. McMurray said he then was employed as counsel for Senator J. M. Thurston of Nebraska, former Senator C. I. Long of Kansas and Richard C. Adams of Washington.

The witness also denied he ever had offered \$10,000 as a bribe to D. C. McCurtain, a Choctaw lawyer. McMurray had testified that the offer had been made to him in connection with the old tribal contracts. Senator Gore has testified that Hamon offered him a bribe in the Senator's private office in Washington.

McMurray today testified he had called on Senator Gore after that date and that the Senator had made no reference to the alleged offer of bribery until his speech in the Senate on June 4.

John L. Hamon, mentioned by Senator Gore as being the man who offered the bribe in McMurray's behalf, took the stand two weeks ago and denied he ever made any such offer. The examination of McMurray will be continued tomorrow.

SEARCHERS ARE WRECKED.

Artistic Expedition Sent to Find Bodies of Eriksson Expedition, Rescued by Ship.

(ASSOCIATED PRESS DAY REPORT.)

COPENHAGEN, Aug. 18.—Capt. B. M. Eriksson, an expedition, which sailed June 20, 1908, on the Danish Arctic ship Albatross, to search for the bodies of the Eriksson Greenland expedition, was wrecked on the ice of the coast of East Greenland according to advice received here today.

Capt. Eriksson and the entire party were saved and succeeded in effecting a landing on Shannon Island, off the coast of King William Land. From this point they were recently rescued by another ship.

None of the crews of the party and their rescue was brought to Tromsø by a steamer cruising in the polar sea.

The expedition for which Capt. Eriksson was searching when the Albatross was wrecked was that of Mylius Eriksson, who perished in November, 1907, while attempting to return from the north coast of Greenland by way of the island ice. He was accompanied by Louis, a Dane, and a Greenland, Lieke, a Greenland, who were found in a crevice near a depot of the expedition and were buried there but the other bodies were not found, owing to the heavy snowfall.

WEDD ON PIKE'S PEAK.

COLORADO SPRINGS (Colo.) Aug. 18.—Grace B. Cox, daughter of Rev. Abner Cox of Rose Hill, Ill., and F. M. Hildner, a prominent local business man, were married yesterday on the summit of Pike's Peak. The ceremony was performed by the bride's father and was witnessed by a number of friends.

PLAGUE IN ITALY ALARMS; SAD PLIGHT TOUCHES QUEEN.

Royalty May Give Up Feast Plans to Visit Stricken Districts Where Peasants Are Dying from Cholera.

Monarch's Consort Orders Relief for Sufferers and Will Pay for It Out of Her Own Purse.

(ASSOCIATED PRESS NIGHT REPORT.)

TURIN, Aug. 18.—King Victor Emmanuel and Queen Helena are displaying great anxiety over the outbreak of cholera in the south and the King has given orders that he be kept constantly informed of conditions in the infected regions.

The Queen is especially touched by the stories of the distress among the people of the province of Bari Della Puglia and has ordered that assistance be rendered them for which she will pay from her private purse.

King Victor Emmanuel is reported to have said:

"If the scourge increases, instead of going to Montenegro to take part in the festivities, I shall go where my people are dying."

CANNON.

(Continued From First Page.)

It is generally believed, Representative Nicholas Longworth of Ohio today gave out a statement in which he says he will never support Speaker Cannon again, and that he does not believe Mr. Cannon ever can be re-elected.

It is again regarded as significant that Mr. Longworth had been called into all of the recent conferences of a political character held by President Taft. He was present yesterday afternoon when the President and Vice President talked together. It was reported then that a statement adverse to Mr. Cannon was being prepared in quarters close to the administration, and it was also intimated that Mr. Sherman, who, like Mr. Longworth, has always been a supporter of Mr. Cannon, had become reconciled to the fact that Mr. Cannon must go.

There may be further significance in the fact that Representative Longworth is going to Oyster Bay on Saturday to spend several days with his father-in-law, Col. Roosevelt. Mr. Longworth's statement in full is as follows:

"Beverly, Mass., Aug. 18, 1918.

"In view of Mr. Cannon's unequivocal declaration that he intends to be a candidate for Speaker of the next House, I think it is incumbent on those of us who are candidates for membership in the next House, who have made up our minds on our position of action, and have positive views on the subject, to state our position publicly."

"I had Mr. Cannon not made this announcement and had it remained doubtful whether he would be a candidate, it was my intention not to stand all day. The question was propounded to him by C. H. Smith, his counsel."

"Did you ever tell anyone the Vice President had any interest in your contracts?"

"I never did," answered McMurray. "Did you authorize Hamon to say Mr. Sherman was interested?"

"I did not."

"Did Senator Charles Curtis of Kansas ever have any interest in your contracts?"

"He never did, and I never told anyone that he did."

"Did you ever tell anyone that Congressman R. R. McGuire had any interest in your contracts?"

"I never did."

"Did you ever authorize Hamon to represent you before any members of Congress, or any one else?"

"I did not."

"Has any member of Congress, or any employee of any department of the government, any interest in your contracts?"

"They have not."

"PLAIN BUSINESS."

Monarch's Consort Orders Relief for Sufferers and Will Pay for It Out of Her Own Purse.

(ASSOCIATED PRESS NIGHT REPORT.)

TURIN, Aug. 18.—King Victor Emmanuel and Queen Helena are displaying great anxiety over the outbreak of cholera in the south and the King has given orders that he be kept constantly informed of conditions in the infected regions.

The Queen is especially touched by the stories of the distress among the people of the province of Bari Della Puglia and has ordered that assistance be rendered them for which she will pay from her private purse.

King Victor Emmanuel is reported to have said:

"If the scourge increases, instead of going to Montenegro to take part in the festivities, I shall go where my people are dying."

"FRAUD" CRIES THE GOVERNOR.

Nebraska's Executive Alleges Unlawful Voting.

Democratic Candidates Are in Hot Fight.

Managers Await Dahlgren Claim Before Acting.

(BY DIRECT WIRE TO THE TIMES.)

OMAHA, Aug. 18.—[Exclusive Dispatch.] Alleging the casting of at least 2000 fraudulent votes at the primaries held Tuesday, Col. Marshall and Lee Herdman, campaign managers for Gov. Shallenbarger, today filed a contest proceeding for the return of the State show that James J. Dahlgren, the other Democratic candidate for Governor has been nominated.

Returns from 333 precincts out of 1800 give Dahlgren 20,733 and Shallenbarger 17,115 votes.

Returns in this morning indicated that Dahlgren had better than 5000 plurality. The remaining precincts may wipe out the Dahlgren plurality and make the contest unnecessary.

Col. Marshall says he will institute a suit in the Supreme Court, where he will allege that the fraudulent votes were cast in Omaha, South Omaha and in Dakota county. He charges that "repeaters" and parties from Iowa went to numerous polling places and on each one they resided in certain precincts and their activities were supported by those of two free holders in each instance.

There were 2000 instances where he alleges and since the primaries, he says he has made an investigation finding that the parties do not and have never lived at the location to which they have sworn.

Conducting his investigations still further, he says of the 2000 names that he has at hand none of the parties reside in Nebraska. Should the contest be instituted on the vote of Douglas county, the contest would be decided 7190 from Dahlgren and 1897 from Shallenbarger.

SHALLENBARGER MAY LOSE.

(ASSOCIATED PRESS NIGHT REPORT.)

OMAHA, Aug. 18.—With returns available from 1041 out of 1845 precincts, Mayor Dahlgren maintains his lead over Shallenbarger for the gubernatorial nomination in the Democratic ticket. These precincts give Dahlgren 20,045 and Shallenbarger 15,271, a majority for the Mayor of 378.

Heavy gains for Gov. Shallenbarger, anticipated by his friends as a result of today's returns, failed to materialize and it is apparent that only a phenomenal reversal of figures in the remainder of the precincts to be heard from can defeat Dahlgren for the nomination.

Only he conceded the Republican nomination to his opponent, State Senator Aldrich.

PEEL ELECTION RESULT.

SEEKS WYOMING GOVERNORSHIP.

(ASSOCIATED PRESS DAY REPORT.)

CHEYENNE (Wyo.) Aug. 18.—The result of the election in California, it is asserted, greatly strengthened the "insurgent" movement in Wyoming. Former United States Senator Joseph M. Carey, father of the Carey Land Act, is quoted as saying: "Regardless of anything else, the result of the election in California is a result of today's returns, failed to materialize and it is apparent that only a phenomenal reversal of figures in the remainder of the precincts to be heard from can defeat Dahlgren for the nomination."

Only he conceded the Republican nomination to his opponent, State Senator Aldrich.

ROOSEVELT.

(Continued From First Page.)

sized at today's conference. Those with whom he talked were made to understand clearly that Col. Roosevelt reserved to himself the right to enter the thick of the fight at any time, if he believed that the position of which he is the exponent are in jeopardy. But he let it be known that he would do so with much reluctance, for he feels that in such contingency he might be led inevitably into a controversy with the Taft administration.

From what was said after the conference, it was gathered that Col. Roosevelt believes the present attitude of men who are influential in the national administration is hostile to him and that an open rupture may result. In such case the colonel feels that he may be compelled at some juncture to exert his influence against the administration.

Those who are closest to the colonel believe he will do everything in his power to avert such a crisis during the fall campaign. It is their opinion that if he should decide to fight he prefers to postpone the struggle until the 1920 campaign, when the question of the nation's policy for the next four years is to be brought before the country and when a successor to William H. Taft is to be selected.

Shortly after the conference, Col. Roosevelt and the administration present itself at that time, it is the belief of the colonel's intimate associates that he would be in the fight to the end that he will stake his own future on the outcome and again become a candidate for the Presidency.

It is believed, however, that Col. Roosevelt regards such a decision as a remote contingency which is not to receive serious attention at the present time.

He has said repeatedly that he can form no plans for the future, for the situation may be changed at any time. He has told his friends that he is a candidate for no office and that he will not even consider the possibility of a gubernatorial nomination or a seat in the United States Senate.

MIGHT CONSIDER THIS.

His associates believe the only reason which might lead him to consider being a candidate for the Presidential nomination would be the conviction that he must seek another term in order to successfully carry on the work he began while President.

The conference broke up late today without any definite agreement as to when another will be held. Col. Roosevelt is to start for New York tomorrow, and probably there will be no more consultations of this nature until after he returns.

Most of the time today was given to the consideration of the New York situation, which is regarded as the one thing which he considers of such importance as to force Col. Roosevelt to make the fight within the party.

From an unquestioned source it is known that he has taken deeply to heart what he considers to be the hostility of many of the members of the administration, and he regards the selection of Vice President Sherman for the temporary chairmanship of the Republican State Convention as the result of this attitude.

He stated to visitors that he had spoken no word or criticism of the administration, and made them understand that it was his plan not to do so, adding that he would confine himself solely to a policy of affirmation of the principles which he considers to be the best interests of the nation, looking to the future and not to the past.

Col. Roosevelt himself said he was not talking politics for publication when attempts were made after the conference to get him to express his opinion of the administration. He said he would go to New York tomorrow and in the afternoon would address the Negro Business Men's League.

MR. TAFT DENIES ANY CONVICTION.

(ASSOCIATED PRESS NIGHT REPORT.)

HOPEDALE (Mass.) Aug. 18.—President Taft is spending the day as a guest at the house of Gov. Draper of Massachusetts. The President motored down from Beverly this afternoon, making the sixty miles or more in a little more than two hours. Gov. Draper, who is the father of his relations and intimate friends in to meet the President at dinner tonight.

Tomorrow the President will visit Mendon, where his ancestors lived, and return by automobile to the summer capital in the afternoon.

Mr. Taft's visit here is purely social and made as a return courtesy by the Governor. There is absolutely no political significance attached to it.

Reports from Oyster Bay purporting to indicate that Col. Roosevelt believed his defeat at the hands of the New York State Republican Committee was the result of an agreement between President Taft and some of the "Old Guard" leaders in the State, was refuted at Beverly today.

Little short of consternation. As the reports were not credited to any responsible person officially no attention was paid to them.

STATEMENT UNTRUE.

So far as the statement that there was an agreement to defeat Col. Roosevelt to which President Taft was a party is concerned there is said to be no truth in it. President Taft from the first has endeavored to obtain harmony in the ranks of his relations and has been anxious that Col. Roosevelt's wishes should be consulted and even went so far on one occasion as to explain to a very prominent New York politician:

"For God's sake avoid a fight."

It was also said at Beverly today it was believed that if the person who parties.

NAME IS AN ALIAS.

Pinkerton Throw Light Upon Past of Portland Fireman Blain by Woman's Husband.

PORTLAND (Or.) Aug. 18.—[Exclusive Dispatch.] Through Superintendent Henry E. Van Groenwald of the Pinkerton agency, it became known today that the real name of the Portland fireman, who was shot and killed by Auris M. Richardson, Monday night, because of the relations he is alleged to have sustained toward Mrs. Richardson, was not Jesse C. (Jack) Hale, but Harry Burke. The dead man is said to have masqueraded under the name of Hale because he had deserted the United States army.

"I knew Burke in Ohio," said Mr. Van Groenwald, "and for reasons which I do not care to disclose, kept him in his room in this city. He was born at Wapakoneta, Auglaize county, Ohio, in 1882. He came of a good family. As a young man Burke was what is known as 'wild.' He was not yet 21 years of age when he alienated the affections of the wife of a well-known citizen of Auglaize and her husband went after Burke with a gun. He fled the city to save his life.

"Burke enlisted in the army in Ohio after leaving Wapakoneta, but deserted in 1905, after serving a short time, and went to Seattle, Wash. There, in 1906, he was married to Mary Coward. It was not long until she deserted him and eloped with another man."

SCURVY.

VIOLATE THEIR AGREEMENT.

UNIONISTS WALK OUT WITHOUT WARNING.

Carpenters, Plasterers and Lathers Quit on New Portland Theater, But Bricklayers Remain—Walking Delegates Say Quit, They Don't Know Why—Open Shop Job.

PORTLAND (Or.) Aug. 18.—[Exclusive Dispatch.] One of the most popular labor situations ever obtaining in Portland is reported from the new Helig Theater, now under construction. For no reason known by W. E. Porter, superintendent of the building, all the union carpenters, plasterers and lathers quit work Tuesday, but the union bricklayers have remained on their jobs.

Not even the men ordered out by their "walking delegates" understand the reason for being called out and they declare they cannot find out what has caused the strike.

"It was understood that the construction of this building was to be an 'open-shop' proposition from the start," Porter declared. "We would not proceed on any other basis and the delegates of the union acceded to this and set their men at work."

"No complaint has been made to me, and I am at a loss to understand why the plasterers, carpenters and lathers were called out. If it is the union, I cannot understand why the bricklayers did not quit also. I shall give the men until Friday about twenty-five of them and if they don't come back, I shall fill their places with other men."

SAYS TRAVEL HAS DOUBLED.
Steamship Agent Is Enthusiastic Over Increase Between Portland and Los Angeles.

PORTLAND (Or.) Aug. 18.—[Exclusive Dispatch.] Passenger travel between Portland and California ports by the water route is twice as heavy as last year, when the Seattle fair was on, and up to now this season is the heaviest period for passenger traffic.

The remarkable increase is attributed to the fact that modern steamers have been placed on the route and to the more frequent service given.

City Agent Smith of the San Francisco Portland Steamship Company this morning said that on the sailings of the steamers Beaver, Bear and Rose City there have been many people applying for tickets who could not be accommodated. When the five-day schedule was inaugurated it was thought that everybody could be taken care of, but there appears to be just as many people who have to be disappointed as previously.

The extension of the line to Los Angeles is supposed to account in a measure for the big volume of business. "We are highly gratified with the Los Angeles experiment," said Mr. Smith. "We are getting a large amount of business from there and there is no doubt as to the permanency of the arrangement."

At the fall season draws near the company officials are expecting even larger crowds to go through to South California. In the winter months it is believed that this part of the traffic will exceed that destined for San Francisco.

BRINGS ORIENTAL SILVER.
Japanese Liner Arrives With Valuable Cargo—Native Reports Serenity in Korea.

ASSOCIATED PRESS DAY REPORT.
VICTORIA (B. C.) Aug. 18.—Bringing a valuable cargo of silver, the Nippon Yusen Kaisha liner, Inaba Kara, arrived here yesterday from the Orient.

Among her passengers were Man Fung Lung, formerly editor of a Chinese paper in Vancouver on the platform of Chinese reform, and M. Zuma of the Oriental Information Bureau.

Mr. Zuma reports that relations between Korea and Japan have become more friendly, and that the Vice-consul Terachi, the new resident-general, has been treated very hospitably by the Koreans.

GIVES LUMBER FIGURES.
Secretary of Bureau Reports Millions of Feet Shipped from the Northwest Country.

SEATTLE (Wash.) Aug. 18.—Shipments of lumber by water from Washington, Oregon and British Columbia during April, May and June, including both domestic and foreign cargoes, aggregated 45,000,000 feet, according to a statement just issued by P. W. Alexander, secretary of the Pacific Lumber Investigation Bureau.

Domestic shipments during that period aggregated 30,000,000 feet and foreign 15,000,000 feet. Total shipments of shipboard value were 15,494,236 in value, 1,400,000 feet, 1,400,000 feet.

WINK SAVES MAN'S LIFE.

Rescuer of Immersed Sicilian Believe He's Dead Until Eyelid Twitches.

PORTLAND (Or.) Aug. 18.—[Exclusive Dispatch.] Winking his eye probably saved the life of Giuseppe Ginocchio today when he was hauled out of the Truckee River apparently drowned. Heroic measures were resorted to by first-aid-to-the-injured exponents who were about to give up at the end of two hours' work on the lifeless body, when the man's left eye twitched. They persisted, and finally resuscitated him.

Ginocchio is an aged Sicilian, enriched by the rise in real estate values in Reno. He owned many acres in what is now the divorce colony and sold off bungalow sites. It is not known how he tumbled into the river.

CHINESE NO LIKEE RICE.

Fifty-three Celestial Stowaways Scorn National Dish When Discovered on British Steamship.

PORTLAND (Or.) Aug. 18.—[Exclusive Dispatch.] Angered because they were not provided with a variety of food, fifty-three stowaways captured on the British steamship Kumerow yesterday and held as prisoners in the ship's hospital rooms, disinclined to partake of the meager bowl of rice passed around to them last evening and, as a consequence are suffering from the pangs of hunger.

The spectacle of a Chinaman, who, and so long as he is in the ship, is not to be allowed to eat rice as a good, delectable meal is causing no end of comment. It is

believed to be the first instance on record that a native of the "Flower Kingdom" has ever turned down his national dish.

In addition to being locked up, the stowaways will be closely guarded by immigration officers until the Kumerow reaches Seattle.

FINDS LONG LOST SON.

Oregon Mother Recognizes Him on Circus Wagon at Tacoma—Parted Twenty-one Years.

TACOMA (Wash.) Aug. 18.—[Exclusive Dispatch.] By chance Mrs. Edward Johnson came from her Central Oregon farm to visit her sister here, and yesterday recognized her 23-year-old son as the driver of a six-horse band wagon team during a circus parade. She had not seen him in twenty-one years, and recognized him from his resemblance to his father.

She went to the circus grounds, threw herself into her boy's arms and wept. When the boy was aged two, Mrs. Johnson and his father were divorced. The father remarried, died soon, and the step-mother placed the boy in an orphan's home.

Mrs. Johnson searched many years for her son, always using his father's name hoping that some day he might hear of it, recognize it, and come to her. Her prayers were answered after she had abandoned hope.

The boy has promised to leave the circus and return with his mother to the Oregon farm.

PROTESTS THE DECISION.

Reno Methodist Says Preacher Packed Jury Which Ex-Communicates Him from Church.

RENO (Nev.) Aug. 18.—[Exclusive Dispatch.] D. R. Williams was excommunicated from the Methodist church at 5 o'clock this morning after an all-night session of a jury of five men appointed to hear charges preferred against him by O. J. Peterson, in behalf of Rev. Leslie M. Burwell. Williams will appeal from the decision, stating that the charges, even if proven true, do not constitute a case for expulsion, and also declares that the five jurors were appointed by the minister and all friendly toward him.

Williams was charged with damaging the minister's character by commenting on Rev. Burwell's attentions to Miss Valma Bradshaw. The young

woman was converted by the minister about three years ago, and has been much in the minister's company since. Rev. Burwell is married and has three children. Miss Bradshaw is now said to be at Pacific Grove, Cal.

SLOPE BRIEFS.

Fined for Repeating.

SAN FRANCISCO, Aug. 18.—On pleading guilty to a charge of making an interstate shipment at less than the published freight rate, the California Pine Box and Lumber Company was sentenced in the United States District Court to pay a fine of \$1000. A similar fine was imposed on the Southern Pacific Railroad Company, which pleaded guilty to a charge of discrimination in freight rates between Verdi, Nev., and San Jose.

Salmon Pack Falls Off.

SEATTLE, Aug. 18.—Unless the late run of salmon in Western and Central Alaska exceeds previous late runs and the expectations of packers in Seattle, Alaska salmon canning operations this season will fall short of the usual output. Adversely received during the past few days from Seward, following the arrival of the steamer-ship Dora G. Westward, stated that the pack in nearly all districts, except Cooks, has been so far below last year's output, and nowhere up to this season's expectation.

Serious Charge Preferred.

YUMA (Ariz.) Aug. 18.—[Exclusive Dispatch.] Joseph E. Henry, one of the most prominent business men of Yuma, was today bound over in Justice Court in \$500 bail to appear before the Grand Jury in October to answer to a charge of assault with intent to commit rape. The complainant in the case is Mrs. Herman Schoen, wife of an employee of the Yuma Gas Company, who testified that on Monday last, while in the furniture store of Henry, he made an improper proposal to her, following it by violently embracing her.

Has Varying Age.

MARYSVILLE (Cal.) Aug. 18.—[Exclusive Dispatch.] George McFarland, who, when arrested last Friday for vagrancy, claimed he was only 17, but raised his age to 24, when he found himself in the Juvenile Court. He is trying to prove the latter claim. He reduced his age to escape being sent to the County Jail but then found himself facing a four-year term in Prison.

CLEAN-SWEEP MILLINERY

DREAD DISEASE IS CONTAGIOUS.

Government Investigates Infantile Paralysis.

Bacteriologists Employed in Making Tests.

Laboratory Experiments and Field Work.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Aug. 18.—[Exclusive Dispatch.] The annual epidemic of infantile paralysis prevalent in the District of Columbia and in Iowa, has roused the physicians and bacteriologists of the Public Health and Marine Hospital Service to greater efforts in determining what causes the disease and how to treat and check it.

For several days, Walter Wyman, surgeon-general of the service, has been in consultation with his "best men." The bacteriologists of the service have been conducting experiments in the hospital laboratory, while Dr. Wade Hampton Shaw has been studying cases in the field.

The office is also receiving reports of cases, their progress and what treatment they are receiving, from every community which has a case.

The scientists are convinced that the disease is contagious and have sent out warnings similar to those sent out concerning tuberculosis.

Their efforts, Dr. Fickner of the Rockefeller Institute, with making this discovery. Dr. Fickner injected blood taken from a child suffering from infantile paralysis into a monkey. In a few days the animal will develop the disease.

Surgeon-General Wyman says that this does not necessarily mean that there is any greater danger now than there has been. He said that nowhere in the country is the disease as bad as it was last year, when the State of New York had the case, and the year before, when the State of Massachusetts had 100, and the States of Nebraska, Kansas and Wisconsin had an epidemic.

The surgeons can offer no suggestions as to preventing the spread other than clean, sanitary habits. The only remedy they know is proper diet and massaging.

JACKETS MAY HAVE WINE.

Protest of California W.C.T.U. Against Present Calls Forth Navy Department Ruling.

WASHINGTON, Aug. 18.—[Exclusive Dispatch.] Officers and Jackies of the American navy, at least so far as those on the cruise of California are concerned, may become as bibulous as they please. Not having had any canteen to be abolished, they cannot be stopped from receiving gifts of wine to the limit of their capacity to put it away.

Such, in effect, is the ruling of Acting Secretary Winthrop of the Navy Department, let members of the Women's Christian Temperance Union protest as they may.

There's a lot of law. That accounts for the ruling. The California contingent of the W.C.T.U. avers laws do exist prohibiting the use of wine on warships. Mr. Winthrop says he can't find the law and has notified the California branch of the W.C.T.U.

The decision was called forth when the W.C.T.U. recently protested to the Navy Department against the presentation of 100 cases of California wine to the cruiser California by an association of California wine men.

RE-ELECT JOHN BARRETT.

ESPERANTISTS NAME OFFICERS.

WASHINGTON, Aug. 18.—John Barrett, director of the International Bureau of American Republics, today was re-elected president of the North American Esperanto Association. Dr. Yemans of Detroit, Mich., was elected vice-president, and Dr. E. C. Reid of Columbus, O., secretary and treasurer.

Sectional meetings of the association were held for the election of counselors, whose duties will be those of a board of directors of the association.

Those elected to represent the Western and Rocky Mountain divisions were: Western division, W. L. Griny, Portland, Or.; Rocky Mountain division, P. H. Lusk, Colorado Springs, Colo.

WASHINGTON BRIEFS.

State Department Wires Sympathy.

WASHINGTON, Aug. 18.—An expression of sympathy of the American government and the people of the United States in the flood calamities, in which hundreds lost their lives in the last few days, was telegraphed by the State Department to the American Ambassador today at Tokio.

Twenty Companies to Fight Fire.

WASHINGTON, Aug. 18.—In all twenty companies of United States infantry have been ordered to aid the forestry service in their efforts to quell the disastrous forest fire raging in the Northwest. The Adjutant-General's office has furnished the following list of details and number of companies of infantry assigned to each: To Glacier Park, Flathead Indian reservation, Kalispell and Lehigh, Flathead, Mont., thirteen companies; Union, Or., one company; Butte Falls, Or., two companies; and Wallace, Idaho, two companies.

Congratulates Francis Joseph.

WASHINGTON, Aug. 18.—The congratulatory messages of the American people were called by the State Department to Emperor Francis Joseph of Austria-Hungary, who today celebrated his sixtieth birthday anniversary. The text of the telegram was not made public.

CENSUS BULLETINS.

WASHINGTON, Aug. 18.—The population of Milwaukee is 312,857, an increase of 24,229, or 8 per cent, as compared with 288,628 in 1920.

WASHINGTON, Aug. 18.—The population of Des Moines, Ia., is 68,258, an increase of 7,774, or 11.4 per cent, as compared with 60,484 in 1920.

WASHINGTON, Aug. 18.—The population of Ottawa, Ont., is 74,895, an increase of 10,000, or 13.4 per cent, as compared with 64,895 in 1920.

DID BUTON MURDER GIRL?

Clark Testifies That He Saw Man Under Bartha Benignus' Room in Abilene (Kan.) Mystery.

ABILENE (Kan.) Aug. 18.—[Exclusive Dispatch.] The coroner's jury today has heard the testimony of a man who has been called officers here to give him heed to the theory that Bartha Benignus was murdered by a jealous and unsuccessful suitor in her home here Saturday night.

Fair said that while he was going past the Benignus residence Saturday at midnight he noticed a light burning in the girl's room. He also saw a man standing under a tree in the front yard and that when he approached the man ran. Several persons testified that the girl was contented and not inclined to be murdered.

Witnesses over the failure to find his fiancée's slayer, Earl Livingston left here tonight for his home at Syracuse, Kan. The inquest will be continued Monday.

TROUBLES OF A FAT BOY.

Couldn't Get Enough to Eat, Pupils Grieved Him and He's Pinched on Show Job.

CHICAGO, Aug. 18.—[Exclusive Dispatch.] "Baby Harry," 15 years old, who weighs some 450-odd pounds, and is a star attraction at an amusement park, yesterday told Faculty members of his troubles that obesity has thrust upon him. Harry has been taken into custody on the ground that he was violating the child labor laws by appearing as a "freak" at the park.

"I'm only 15," said he, "but I have trouble enough for an old man. I can't eat. When I was old enough to go to school the other pupils laughed at me, for at 9 I weighed 350 pounds. They took me out of school at last and I got this job in the park. I thought that my fat was going to do me some good at last, but I was wrong. Here I am just as the season is going good 'pinched' because they say I am under age."

Inspector Davies told Harry that he would have to obey the law, which means, probably, that the stage will lose him.

BRUSH BLAZE STARTS FOREST.

Flames Sweep Timbered Section of Nevada County, Cal., Threatening National Reserve.

GRASS VALLEY (Cal.) Aug. 18.—One of the worst forest fires ever seen in Nevada county is burning ten miles east of here and there appears to be no early prospect of controlling the flames. A brush fire started by members of the McLeod family on their ranch at Hunt's Hill gained such headway that they could not stop it and it spread to the timbered section of the Quaker Hill district and the sluces which supply the city with water are in danger. A general alarm was sent in by Sheriff R. L. B. Bigelow tonight and thirty men left to fight the fire. The large timbered section is in danger. The Tahoe National forest is in danger. Several houses and barns have been burned.

UP AND DOWN THE VALLEY.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

CHICAGO, Aug. 18.—[Exclusive Dispatch.] As in several days past, the thermometer was again a gas gauge, as regards the weather. Judging by the figures registered by the mercury it was a real cool day. But that celebrated "general" humidity was still present, and had the mercury beat to a frazzle. Today's maximum temperature was 74, and the minimum 59 degrees. Middle West temperatures:

PORT SAVANTS TRAVEL WEST.

CHICAGO, Aug. 18.—[Exclusive Dispatch.] The first of the forty savants will pass through Chicago forty savants from America, England, France, Russia, Italy, Switzerland, Spain and Germany, who among them will represent the latest advances in astronomical research throughout the world. Accredited from the leading scientific bodies they leave here in a body for the Mount Wilson Observatory, near Pasadena, California, where the first meeting of the International Solar Conference will be held. The first congress was held at Oxford, England, in 1905; the second in Paris, France, in 1907.

BLOODY CRIME IN CHICAGO.

CHICAGO, Aug. 18.—[Exclusive Dispatch.] Catherine Fortmiller, 9 months old, was found strangled to death in a bedroom and her grandmother, Mrs. D. Bartel, 62 years old, was found unconscious in the bathroom, her throat partly severed with a razor, this morning, in the home of Mrs. G. H. Fortmiller, No. 3223 Madison avenue. A story told by Detective James Farrell of the Hyde Park Station today that a heavy set man entered the house and attacked them, is being investigated by the police. The blood-stained razor with which Mrs. Bartel's throat had been cut was found behind the bathtub.

"BOSS KELLY" NEW MAYOR.

EL PASO (Tex.) Aug. 18.—[Exclusive Dispatch.] C. E. Kelly, Democratic leader of the city and county ring, was elected Mayor Thursday morning.

UNIONITES IN BLOODY FIGHT.

Two Factions of Organized Teamsters Mix.

Two Are Seriously Injured; Many Slightly.

General Strike in Chicago Not Improbable.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 18.—[Exclusive Dispatch.] Riots involving two factions of union teamsters at the barns of the Arthur Dixon Transfer Company, Fourteenth and State streets, in which clubs, whips, and bricks were used, took place today. Two men were seriously injured before the rioters were dispersed by the police. The injured, Frank Crowley, chief steward at the barns, and John Holy, driver.

Many other teamsters received scalp wounds, but were able to take out their teams under police escort.

Attempts had been made by members of the Chicago Teamsters' Union, a new organization, to force Crowley to recognize its cards. Crowley refused to deal with the new organization.

A few days ago teamsters who held cards issued by the International Brotherhood of Teamsters, the old organization, affiliated with the federation, gave up their books, and joined the Chicago Teamsters' Union. After that there was friction among the drivers at the Dixon barns.

The crisis in the teamsters' trouble will be reached tomorrow. Drivers who belong to the old organization have voted not to join the new union. There are 350 drivers employed at the Dixon barns. A final vote on suspension of work will be taken when the men report for duty.

Inspector Wheeler has been notified to have extra policemen at the barns. It is predicted that a general strike among the Chicago teamsters may result in the vote taken by the drivers employed in the Dixon barns.

SON BUYS TO BREAK WILL.

(BY DIRECT WIRE TO THE TIMES.)

SAN JOSE, Aug. 18.—[Exclusive Dispatch.] Charles M. Yates, son of the late painter, who was killed by a falling wall in the California department store fire Saturday morning, Kelly, who is known locally as "Boss Henry Kelly," has been the engineer of the local political machine and the Council which elected him was of his own volition. He is a city and county is overwhelmingly Democratic and the Republican party does not put up a ticket in the city elections.

ROPKE AWAITS TRIAL.

(ASSOCIATED PRESS NIGHT REPORT.)

LOUISVILLE, Aug. 18.—Stockholders of the Fidelity Trust Company, at a meeting this afternoon, unanimously voted to increase the capital stock of the company from \$1,000,000 to \$2,000,000. The net shortage of August 1934, Ropke, former assistant secretary of the company, was announced at \$1,200,000. His gross shortage having been reduced considerably by securities and property turned over to the bank. It was announced that through recovery of securities from Ropke there would be a surplus of \$23,000 left the company. Ropke is still in jail awaiting trial.

TRAFFIC CONFERENCE.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Aug. 18.—Traffic officials of western railroads and grain shippers will hold a conference today in an effort to reach an agreement on milling in transit rates. The trouble has arisen over complaints that shippers have been taking advantage of the through rates by shipping grain to be shipped to a central point, milled and reshipped on the same through rate by making local shipments on the rate.

HITCHCOCK ON TRIP.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Aug. 18.—Postmaster-General Frank H. Hitchcock left Chicago last night on a combination hunting and political trip into New Mexico and Arizona, his mission being to start organizing in the west States with a view of selecting four new Republican United States Senators. Both of the new States have to frame a constitution, submit it to the voters for approval and then have it ratified by Congress before they become full-fledged commonwealths and the fight now is over the election of two State legislatures, which in turn elect the Senators.

Mr. Hitchcock took a prominent part in the movement to give statehood to Arizona and New Mexico, and his trip to line up the new States for the Republicans is said to be on his own initiative as much as at the instance of the administration.

GLOW WITH BUTCHERS.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Aug. 18.—Of all delinquents, men on Uncle Sam's payroll are the most pay when it comes to settling bills for meat, according to the experience of the United Master Butchers of America, in annual delinquency here. One of the steps taken yesterday was to award the bill creating a garnishment law to cover all government employees. Butchers pointed out in explanation of the step that it is exceptionally easy for the government employee to get credit, and that he generally is loath to pay promptly.

PRIMARY RETURNS.

(Continued from First Page.)

Keessling 12,586, Albert J. Wallace 494, R. L. Farmer 441, R. Ferris 377, Timothy Spillacy (Dem.) 518.

SANTA CLARA COUNTY.

(ASSOCIATED PRESS DAY REPORT.)

SAN JOSE, Aug. 18.—Complete returns from the primary election in this county give Keessling a good lead over Wallace. The former received 4103, against the latter's 2281. In the Senatorial race, Spaulding was given 2977, Messers 1735 and Works 2421.

For Secretary of State, Jordan leads with 2538, against O'Brien's 2508. Wallace received 1794 votes, Morrow 745 and Mouser 355.

For State Printer, Richardson was given a vote of 4176, against Thorpe 3221 and Smart 178.

In the State Senator fight, Black, the Lincoln-Roosevelt, was endorsed by a vote of 2210, while his opponent, Rea, was given a vote of 194.

In the Fifty-seventh Assembly District, Montgomery received 1022 votes, against 1007 for Telfer, the Republican incumbent.

Robertson, the Lincoln-Roosevelt League candidate for Assemblyman in the Fifty-fifth District, received a vote of 1442, while his opponent, Jarvis, was given 1102.

In the Fifty-seventh District, Hayes, the incumbent, Republican, won 1415, against 1233 for Delrick, the Lincoln-Roosevelt League candidate.

SAN JOAQUIN COUNTY.

(ASSOCIATED PRESS DAY REPORT.)

STOCKTON, Aug. 18.—Complete returns from San Joaquin county give Wallace 1570, Keessling 1127.

For United States Senator, Works 1417, Spaulding 1377, Messers 1044, O'Brien 924, Morrow 292, Jordan 725, Mouser 183.

A. C. Cowell got the complimentary Democratic vote for United States Senator. Shannon carried the county for State Printer. The assembly nominees are: Ben Carson (Dem.) Twenty-third District; J. W. Stuckenbruck (Dem.) Twenty-fourth District; E. H. McGowan (Rep.) Twenty-fifth District; G. M. Steele (Rep.) Twenty-fourth District.

visiting yachtsmen by the Santa Barbara Yacht Club in Elia Hall last night. Several of the speakers pointed out that there was another thing that should eventually make Santa Barbara one of the foremost yachting centers of the Pacific Coast. The point taken was that Santa Barbara is the logical, and practically the only, meeting ground where Southern California yachts can meet the boats of the San Francisco club on an equal basis. Eventually there should be many contests between Southern and Northern California yachtsmen, and Santa Barbara is the spot where the rivalry is most apt to be worked out.

DANGEROUS IN A BLOW.
The fact that the Channel City has no adequate harbor, on the other hand, is the one big drawback on Santa Barbara racing. During the summer, when customarily good weather prevails, there is little danger of a storm, and the partly sheltered harbor affords protection enough for all practical purposes. But in the event of a big blow from the south or southwest, which is always a possibility, the yachts would be in a bad fix, and would be compelled to ride out the gale with almost no protection. The made give protection from the trade, but are open to southerly blows.

Don Leach of Santa Barbara has so far come in for the lion's share of all the honors in the regatta. He has handled the Alert admirably in every contest in which she has taken part. With a crew that has done well with the racing skills for him, Leach has sent the Alert along like an international undersea cup defender.

In the first of her races, the ocean coasted from San Pedro, she won from the entire fleet handily, though not equipped with the facilities for a continued race. The actual finish all the time, it is possible he would have beaten the Mischief to that mark also, although the South Coast boat had the advantage of the windward position. Leach is a quiet, unassuming skipper, universally popular. His modest acceptance of the honor coming to him contrasts rather favorably with the swaggering sea-vocabulary which some of his less successful rivals affect. Don has been demonstrating this week that seamanship is better shown by handling a winner skillfully than by bragging ashore of how good you are when you are not.

NARROWING DOWN.

GOLFER LEGG GIVEN SCARE.

GRANT CHAMBERLAIN CATCHES HIM OFF HIS GAME.

Four Players Remain from Large Field to Contest in Semi-Finals. Lawrence Bromfield is Picked to Meet Champion for Trans-Mississippi Title.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, Aug. 18.—The third round of match play at thirty-six holes in the Trans-Mississippi golf tournament showed the best golf of the week, and the play was steady and consistent.

R. G. Legg, the title-holder, met P. H. Galt of Omaha in the semi-finals and Lawrence Bromfield of Denver will play with W. B. Sheehan of Des Moines.

Grant Chamberlain of Hutchinson caught Legg of Minikahda off his game and gave him a terrific match today, losing 1 down in thirty-seven holes.

John C. Fennell of Kansas City was selected president of the Trans-Mississippi Association. With all but four of the big field of 136 starters in the Trans-Mississippi tournament eliminated, the play narrows down practically to a contest between Harry G. Legg of Minikahda and Lawrence Bromfield, the Denver school boy. Legg has turned in two solid rounds of 71 in the qualifying round, and Bromfield followed an 82 in the first round by a 79 in the last part of the qualifying round and a 79 yesterday in his match with A. W. Copp.

In the Southern California Bowling Association, the River Brothers took the odd game. Hesterman had high game, and high average.

RIVER BROS. CO.

MONARCHS.

George Robertson Enters.

CHICAGO, Aug. 18.—George Robertson, once winner of the Vanderbilt cup race, last night made formal entry for the Elgin National road races on Sept. 25 and 27, under the auspices of the Chicago Motor Club. Two other nominations were received yesterday, swelling the lists to thirty-three cars driven by the leading drivers of the country.

POST-SEASON SERIES.

New York Ball Teams Are to Clash in Great Set of Nine Games.

(ASSOCIATED PRESS DAY REPORT.) NEW YORK, Aug. 18.—Arrangements practically have been completed for a post-season series of nine games between the New York baseball teams of the National and American leagues. The players of both teams declared themselves unanimously in favor of the series, and local baseball followers have been clamoring for some time for a pitching duel between Christy Mathewson and Russell Ford. This will be of greater interest to New Yorkers than the world's championship, and may draw great crowds.

The two teams have never met on the diamond, although the rivalry is keen. This year the teams appear to be about evenly matched. The nine games will be played alternately on the Polo Grounds and at American League Park, the umpires to be appointed by Presidents Johnson and Lynch.

The gate receipts will be divided in such a manner that the players will receive about 75 per cent of the gross receipts. The New York American will publish the regular season on October 8 with Boston in this city. The New York Nationals do not start until October 18 according to the schedule, but it is said that two games with Boston, arranged for October 12 and 13, will be doubled up with the games scheduled for September 7 and 8, so that the post-season series may begin on October 12.

Don Leach of Santa Barbara has so far come in for the lion's share of all the honors in the regatta. He has handled the Alert admirably in every contest in which she has taken part. With a crew that has done well with the racing skills for him, Leach has sent the Alert along like an international undersea cup defender.

In the first of her races, the ocean coasted from San Pedro, she won from the entire fleet handily, though not equipped with the facilities for a continued race. The actual finish all the time, it is possible he would have beaten the Mischief to that mark also, although the South Coast boat had the advantage of the windward position. Leach is a quiet, unassuming skipper, universally popular. His modest acceptance of the honor coming to him contrasts rather favorably with the swaggering sea-vocabulary which some of his less successful rivals affect. Don has been demonstrating this week that seamanship is better shown by handling a winner skillfully than by bragging ashore of how good you are when you are not.

HEADING FOR EMPIRE CITY.

GRAND CIRCUIT TROTTERS TO GET RICH STAKES.

Meeting is to Open Tuesday With Matron Futurity for Three-Year-Olds—Gus Macoy's String Includes Colorado E., Western Colt, Which is a Strong Contender for Fat Prize.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Aug. 18.—Grand Circuit trotters are rapidly concentrating at the Empire City track at Yonkers for the meeting which opens here next Tuesday with the \$15,000 Matron Futurity for 3-year-olds.

Alonzo McDonald, with twelve fast ones, among them the unbeaten futurity candidate, Emily Ellen, 2:10 1/2, is the latest arrival from the Cleveland meeting.

Gus Macoy's string, already on hand, includes another futurity candidate, the sensational western colt, Colorado E., that recently trotted a working mile in 2:04 1/2, a half-second faster than the world's record for 3-year-olds.

Other horses on the ground are those of W. C. Brown, president of the New York Central Railroad, including the futurity colt, Bergen, and the string of W. B. Dickerman, whose futurity candidate is Eva Bellini.

SARANAC HANDICAP.

(ASSOCIATED PRESS NIGHT REPORT.) SARATOGA (N. Y.) Aug. 18.—Martinez won the Saranac handicap today by five lengths. In the stretch he crowded Love 716, which crowded Star Bettle on the rail. Scoville and Dugan each claimed a foul, but the stewards let the result stand.

Steeplechase Jockey Sullivan suffered a broken leg when Profusion went through the fence. Jockey Kermats received a slight concussion when Sam Bell fell.

Seven furlongs: Hanbridge won, Sir John second, Mary Davis third; time, 1:25. Steeplechase, about two miles: Jimmy Lane won, Round Brook second, Sam Bell fell, Profusion refused; time, 4:15.

The Troy selling stakes, five and one-half furlongs: Danger Mark won, Jason Barker second, Gold of Ophir third; time, 1:07 1/2. The Saranac handicap, value \$3000, mile and an eighth: Mart won, Love 716 second, Star Bettle third; time, 1:51 1/2. Five and a half furlongs: Rockville won, Fanny Story second, Gamble third; time, 1:07. Mile: Ocean Bound won, Cheek second, Field Mouse third; time, 1:32.

Results at Butte.

BUTTE (Mont.) Aug. 18.—Altberg stumped at the start in the fourth race today and despite that handicap ran a remarkable race, finishing third, eight lengths ahead of the fourth horse. Ocean Shore took the lead early and led the field around the course. John Louis just beat Altberg out of the place. It was an ordinary card. Results:

Five furlongs, selling: Bill Mayham, 100 (Denny), won; Garter Light, 90 (Nelson), second; Binnocular, 101 (Kedera), third; time, 1:01. Five furlongs, selling: Annie Wells, 102 (Jones), won; Eryan, 110 (Prior), second; Alexia, 101 (Gaugel), third; time, 1:00 1/2. Futurity course, selling: No Quarter, 124 (Fischer), won; Freon, 124 (Mckinstry), second; Del Crusador, 127 (Page), third; time, 1:09 1/2. One mile, selling: Ocean Shore, 105 (Fischer), won; John Louis, 100 (Page), second; Altberg, 110 (Vesper), third; time, 1:41 1/2. One mile, selling: Miss Picnic, 97 (Kedera), won; Livino, 100 (Lindhorst), second; Barney Oldfield, 111 (Holand), third; time, 1:42. One mile, selling: Treasure Seeker, 111 (Dennison), won; Albin H., 100 (Kedera), second; Young Bell, 100 (E. Smith), third; time, 1:42 1/2.

AMERICAN YACHTS WIN.

MARBLEHEAD (Mass.) Aug. 18.—America again defeated Spain today in the Sander yacht races off this port, three American boats leading their foreign rivals at the finish. The Harpoon, which took the first race of the series yesterday, again carried off the honors today, with the Cima a close second and the Beaver third.

The Spanish yacht Chonta at one time during the race led the entire fleet. She not only pushed the American boats hard, but established her place principally through her use of the balloon jib in beating to windward. This departure from yachting precedent and the American yachtsmen to scratching their heads over what may prove a valuable innovation.

The elapsed time of today's race follows: Harpoon (American), 2:25:03. Cima (American), 2:28:39. Beaver (American), 2:27:03. Chonta (Spanish), 2:28:09. Papoose (Spanish), 2:35:34.

REO BREAKS ALL RECORDS.

Coast to Coast in Ten Days. Eighteen Hours.

Whitman Pilots Thirty-Horse Power Machine.

Los Angeles the Goal of the Swift Four-Cylinder.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Aug. 18.—(Exclusive Dispatch.) "Beat it while the going is good."

That is the inscription printed on the Reo car which L. L. Whitman drove into San Francisco this afternoon, establishing a record of 100, 120, and 12m. from New York to San Francisco. So well did Whitman follow the printed precept that he cut four days and eight hours from the best previous time that had ever been made by an automobile.

Whitman left New York City at 12:01 a.m. Monday morning, August 8. As he left the city he was accompanied by a record which he himself assisted in making in the fall of 1906.

PHONE OR

STANTON'S THANKS.

To my friends throughout California, who loyally and earnestly supported me in my candidacy for the Republican nomination for Governor, I wish to express now my grateful appreciation of all they have done. I have no feeling of resentment against any of those who were against me in the contest for the nomination, and those who were with me I wish to thank most heartily.

I shall cherish to the end of my days memories of many pleasant acquaintances made during the campaign. In all parts of this great State, and in defeat I am as appreciative of the efforts made in my behalf as I would have been had victory crowned our efforts.

PHILIP A. STANTON.

Isidor Freedman.

who left his home in this city last Saturday and has not been seen since. His relatives think that he and a chum are walking to New York.

GONE ON LONG TRAMP?

Youth of Eighteen Leaves Home and Disappears, and May Be Walking to New York.

Led away, in all probability, by the glamour of the big white lights of a great city, his own passionate love of adventure and perhaps the influence of a stranger will than his own, Isidor Freedman, 18 years old, left his home last Saturday and has disappeared completely. Members of his family, who reside at No. 221 Central avenue, are of the opinion that he and a chum, whose name they do not know, have started to walk to New York City.

Young Freedman came to Los Angeles about eight months ago from Philadelphia, where he had been employed as a paper carrier. Until about two weeks ago he had been employed by the American District Telegraph Company as a messenger. His chum, through whose influence he is thought to have left his home, was then an A.D.T. messenger, and the two had frequently expressed themselves as being homesick for the East.

Saturday afternoon Isidor left home, telling his mother and sisters that he was going down to the office of The Times, where his brother, Jacob, is employed as a collector. He did not return that night and nothing has since been seen of him. He is described as of medium build, 5 feet 4 inches in height, black hair and eyes, and of about 135 pounds weight. When last seen he was dressed in a pair of brown corduroy trousers, a white shirt, dark coat and gray cap. No adequate description of his companion can be secured. The disappearance was reported to the police early in the week, but no trace of the pair has been found.

SHE TAKES STRONG DRINK.

Negroess Attempts to Die by Swallowing Pint of Hydrogen Peroxide, But is Thwarted.

Shocking and struggling because thwarted in an unusual attempt upon her own life, Mrs. N. Johnson, a portly negroess, was hurried to the Receiving Hospital yesterday afternoon for emergency treatment. Though only 28 years old, Mrs. Johnson appears to have tired of life and all it holds for her. She is a day worker, doing washing, scrubbing and odd jobs generally. After a morning's hard work yesterday she returned to her home, No. 83 Gladys street, ate a hearty dinner and topped it off by drinking a pint of hydrogen peroxide. Or at least she told a neighbor, exhibiting the empty bottle in proof thereof. Her husband became alarmed at Mrs. Johnson's gloomy predictions as to what the chemical would do to her "insides," and reported the case to the nearest policeman. The wagon went after the despondent one to the Receiving Hospital in record time.

There, despite her struggles and demands to be allowed to die in peace, Police Surgeon Wright not busy with a little pump and many things came to the rescue. The treatment more precautionary than otherwise, for the doctor says that the woman would probably have suffered no fatal effects from the big dose, even if it had been swallowed. Historically declaring that she would kill herself anyway and that at the first possible opportunity, Mrs. Johnson was put to bed. As yet will be heard upon her until she shows a somewhat less tragic disposition toward herself. She refused to give the physician any reason for her attempt, other than that she was tired of life and wanted to die.

FRANK G. CALPURNI will tell readers of The Times Magazine the coming Sunday what the tragic ending of the Johnson case will be.

INJURED DRIVES DEAD BROTHER.

Lightning Strikes Arizona Mexicans in Vehicle.

Bolt Knocks Young Woman Unconscious.

Yuma Citizens Petition for Murderer's Execution.

SPECIAL CORRESPONDENCE OF THE TIMES.
TUCSON (APR.) Aug. 18.—Alfredo Villa was killed and his elder brother badly hurt on the plain west of Tucson by a lightning stroke that hit the left side of the wagon on which they were riding. The elder brother recovered consciousness within a few minutes and, though terribly burned on his left side and with one hand paralyzed, managed to drive on to the home of his parents, a few miles northeast of Tucson. Lightning also struck Sarah Mason, while she was walking on Pennington street, though no buildings were touched by lightning during the storm. The young woman was thrown to the ground, where she lay unconscious for a time. Her umbrella was splintered and her principal hurt was in the left hand, which had held the umbrella.

Jose Miranda, a young Mexican, was killed lately by lightning under the wheels of a heavy wagon which he was driving.

A large number of citizens of Yuma have joined in a petition to Gov. Sisson, asking execution of the death sentence pronounced against Francisco Marquez, convicted of murder last summer of Peter Hodges. The Governor has just further suspended the date of execution, at the urgent request of the Mexican government, transmitted through the State Department. In Mexico it is averred that Marquez in a measure was justified in the killing.

The Knights of Columbus, in session in Quebec, have determined to indefinitely postpone the establishment of a tubercular sanatorium for members of the order. A committee had reported favorably upon the plan and had recommended Arizona as the site of the institution.

Within thirty days 250,000 pounds of copper wire will have been delivered at points along the Southern Pacific in Arizona, for use in construction of the Coast extension of the Consolidated Telephone, Telegraph & Electric Company. This work is to be carried to Los Angeles. The link between Deming and Tucson will be built by the Tri-State Telephone Company of El Paso, which is also to complete an eastern connection through to Denver. The engineers state their belief that within a year it will be possible to converse freely and clearly over the extreme length of wires that will connect both coasts of the nation.

A McKen type of gasoline car has been placed on the Globe-Miami division of the Arizona Eastern Railroad and is being operated successfully. Two similar cars are being used on the same company's lines out of Phoenix. A gasoline car has been taken out between Douglas and Bisbee.

Preliminary work is proceeding briskly on the Arizona, Mexico and Gulf of California Railroad. Contracts for grading for the entire 25 miles between Silver Bell and Fort Lohs have been given to the Lantry-sharpe Construction Company, with the expectation that the road will be in shape for operation within a year. C. M. Estabrook, an engineer in the employ of the Lantry-sharpe Company, is now in Tucson, coming from New York with plans for the Port Lohs pier, prepared by the Robbins-Ripley Company of New York. The pier will be nearly a mile in length, with a single railroad track, save at the end, where there will be a number of spurs, to facilitate the unloading of ships from three sides. The piling is to be made terebo-proof by a concrete coating.

Antonio Lozano, Mexican Consul at Los Angeles, was a late visitor to Tucson, on business connected with a concession he has secured from the Mexican government for the building of an eighty-mile railroad from Puerto Yashel on the upper Gulf of California, running in a northwesterly direction to the international boundary line, south of Yuma. If right of way is secured, he expects to continue the line on to Yuma to a connection with the Southern Pacific. It is significant that the Southern Pacific already has a line surveyed south from Yuma to the border, in the name of a firm of railroad contractors.

CONTROL MINE FIRE.

STOP UP ALL CREVASSES.

SPECIAL CORRESPONDENCE OF THE TIMES.
BISHOP, Aug. 17.—The fire which lately broke out in an old store of the Holbrook mine of the Copper Queen Company now is under full control, with all crevasses stopped through which oxygen might be brought to revive the flames that spread from the mine timbers into the sulphur-laden ground itself. A tunnel is now being driven toward the ground affected, which is to be flooded with water. A similar fire started about a year ago in a Calumet and Arizona workings, and for several years fire had to be fought on a large scale within the United Verde mine at Jerome.

Dr. E. W. Hume has returned from Detroit, from which place he started late in June, a member of a party in an automobile, which was to be driven through from Bisbee in time for the opening of the Elks' convalescence, July 15. On that date the party had just reached Kanab City, delayed, mainly in the far Southwest, by a combination of bad weather and worse roads, with accidents galore, including one in which the mechanic of the party was thrown out and had several ribs broken.

A cattleman named Pointer, whose range is in the Huachuca Mountains, has offered \$100 reward for the apprehension of miscreants who have blinded and maimed a number of valuable Holstein cattle belonging to him. Joseph McKewen, aged 27, lately was killed in the Spray mine of the Copper Queen system, falling under the wheels of an ore car on which he had been riding.

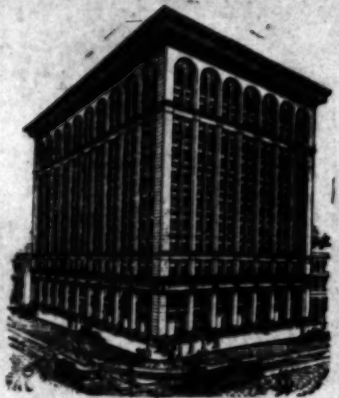

Conductor Joseph Corrigan is under arrest at Cananea, charged with responsibility in the death of Gustavo Grante, aged 8, who fell under the wheels of a passenger train which the child was trying to board. Colgate Faick, a mining engineer, lost Saturday at Nacozari, touched a live wire in the Moctezuma Company's power-house and was thrown from a ladder on which he was standing, down to a concrete floor, sustaining injuries from which he died in two hours. He had purchased a fruit ranch in Washington, and would have left his employment within a few days.

GRAY hair featured in the natural color by Alfred's Egyptian Keratin. A hair restorer, convenient, quick cure. All druggists.

FRANK G. CALPURNI will tell readers of The Times Magazine the coming Sunday what the tragic ending of the Johnson case will be.

EVENTS IN LOCAL SOCIETY.

Mrs. MABEL GRAY, daughter of Capt. F. Edward Gray of No. 124 West Adams street, will be married August 29 to Dr. L. E. Nichols, of service taking place at the family home. Rev. Dr. Lewis G. Morris will officiate. Simplicity will mark the wedding. Miss Gray will wear a stylish tailored suit. At the conclusion of an extended honeymoon trip, Dr. Nichols and his bride will reside in their own home at No. 220 West Forty-ninth street.

Auto Trip. Mr. and Mrs. E. R. Smad of No. 148 West Twenty-eighth street, enjoyed a trip to Bismarck yesterday. The journey was made in their new Oldsmobile.

Retrospect Made Known. Dr. and Mrs. M. R. Toland of No. 112 South Hoover street announce the engagement of their daughter, Miss Ethel L. Toland, to Prof. Leonard M. Frey. The bride-elect is a clever musician. Prof. Frey is a Yale man and formerly lived in Rome, N. Y. The wedding will take place early in September.

See to Oklahoma. Mrs. J. W. Weightman left this week for Faxon, Okla., where she will be the guest of her mother.

On a Tour. Dr. and Mrs. Edwin M. Harwood and family left Wednesday for a two month tour through the East and Canada. They will return by way of Washington and New Orleans.

Guest from Hartford. J. B. Bunder, vice-president of the Travelers Insurance Company of Hartford, is the guest of Mr. and Mrs. C. C. Burnett of No. 708 West Fortieth place. The party at present is enjoying the sights of Lake Tahoe.

Guest Entertained. Mr. and Mrs. James L. McLean and their charming daughters, the Misses Helen and Carrie McLean, are guests at the home of Mr. and Mrs. Arthur F. Morian of Manhattan place, where they will remain until Wednesday next. Last evening Miss Rae Belle Morian entertained informally with a dancing party at the Los Angeles Country Club for the Misses McLean, and tomorrow they will form a party which will enjoy a trip to Catalina.

To Enter Stanford. The Misses Katherine and Sue Daniel of No. 1112 Harvard boulevard will leave Wednesday for a visit in San Francisco. Miss Sue Daniel will enter Stanford at the opening of the fall term.

Mrs. Martin at Del Monte. Mrs. Eleanor Martin will remain at Del Monte for the golf tournament. She will be accompanied by her daughter, Mrs. Walter S. Martin and children, Mr. and Mrs. George Snyder of this city, invited to this city last week. Mrs. H. M. Du Bois is staying a few weeks with friends at Monterey.

Engagement Announcement. Edward Harris of Denver announces the engagement of his daughter, Phyllis, to Louis H. Harris of this city. No date has been set for the wedding.

Take Bride in North. A pretty home wedding was that in Tacoma Wednesday night of Miss Jane Louise Snyder, daughter of Mr. and Mrs. Franklin Snyder, and Dr. Nathaniel Brown of this city. The ceremony was performed at the home of the bride's parents, Rev. George S. Brown.

A BARGAIN IN BRAINS.

BY CHESTERTON TODD.

"You need help, don't you?"

The doctor leaned forward as he looked sharply into the other's face. They were alone in his office. "What would you do," he asked, "for independence?"

"I would do almost anything. Why did you ask me? How did you know about me?"

"We have means of finding out from the hospital. Of course it took a long time to determine upon you. As you say, there are plenty of people who are hard up, but to find just the right combination for our purposes—well, that wasn't easy."

"And you think you have found it?"

"Looks that way. You have the necessary organic structure—that's what my examination shows."

"Is this a money proposition?"

"Yes. You have three children?"

"Yes."

"And a wife?"

"And a wife."

"Out of a job?"

"I'm out of a job."

"No prospects?"

"No prospects."

The doctor looked at his office-door. He came back.

"I am right on the edge," he whispered, "of a marriage that is very interesting to the structure of the brain. If I can arrive at certain results which are none within my grasp, all human life will be completely revolutionized. But I can proceed no further until I have placed a live brain under examination. I shall have to remove first a large part of the skull, after giving a slow poison, and—"

"You mean?"

"I've got to watch the brain as the life leaves it."

The doctor rubbed his hands enthusiastically and his eye brightened at the encouraging prospect.

"A large part of every human being is always dead," he said cheerfully, "and as for the rest, well, it's merely a question of the protoplasm undergoing certain changes. A chemical analysis goes out of it just as the water runs out of any vessel. Now, to get to watch the brain as the last bit of force leaves it."

"If you should be discovered?"

"It would be considered murder, of course, by the courts. I would then be a martyr in science. But if I win the greatest discovery in modern times will have taken place. You are worth-while, so it is. You can't even take care of your family, and—"

"What's the price?"

"Twenty thousand pounds. Here are the bonds—government—just like much."

"Um. You turn them over to me after I'm gone, I suppose."

The man looked at the package the doctor had brought forth from his desk. The bonds looked splendid. But he was a man who was suspicious.

"If I turn them over to your wife," said the doctor.

"No, sir. It's got to be done before-hand. That's only fair."

"You'll come back?"

"Of course I'll come back—if I say will."

The doctor smiled.

"You'll swallow the poison first, won't you?"

Rice officiating. A small company of close friends and relatives was present. Miss Nellie Moore of Everett played the wedding march. The bride looked lovely as she entered on the arm of her father, in her wedding gown of clinging white. The bride attended by her sister, Mrs. E. V. Bunder, the groom's sister and her husband. Following the service an informal reception was held and a collation was served in the dining-room, at which a group of the girl friends of the bride assisted. Late in the evening Dr. and Mrs. Brown left on their wedding trip. They will make their home in Los Angeles.

Two Months' Outing. Mrs. T. J. Anderson and her sister, Miss Edith N. Hall, have returned to their home, No. 204 Sunset boulevard, after a two months' visit through the East and Canada. Among some of the places visited were Toronto, New York, Boston, Niagara Falls and the Grand Cañon.

Back at Casa Verdugo. Mr. and Mrs. Q. N. Richards have returned to their home in Casa Verdugo from a three weeks' sojourn at Hotel Virginia, Long Beach.

At Coronado. Mr. and Mrs. Anthony Eugene Maloney of No. 1702 South Marengo avenue, Oxnarda Park, left yesterday for Coronado Beach.

Piano Motor Tour. Mr. and Mrs. Leo Phillips and their daughter, Miss Lucile, of No. 4 Berkeley square, left yesterday for the East, where they have planned a six weeks' motor trip along the Atlantic coast. Mr. and Mrs. Phillips will return in October.

Vacation Ends. Mr. and Mrs. Frank Bohram and daughters, the Misses May and Alice, have returned from a three months' sojourn at Ocean Park. Miss Pannie R. Bohram has passed her vacation with them, has also returned.

Marble-Klingensmith Wedding. Last Tuesday Miss Blanche L. Marble was married to Clarence E. Klingensmith in the presence of a few intimate friends. The young people will reside in Nevada.

Another Engagement. Miss Clara Sullivan of No. 145 East Thirty-fifth street entertained with a miscellaneous shower Wednesday evening in honor of her sister, Miss May A. Sullivan, who is engaged to Robert T. Nibbelker.

Eastern Trip. Mr. and Mrs. John C. Kade of No. 1102 Elden avenue left Thursday for some time.

Informal Dinner. Mr. and Mrs. Walter V. Pomeroy of Menlo avenue entertained Wednesday evening with an informal dinner party.

In Italy. Mr. C. B. Modrall is in Florence, Italy, where he will stay until September. Since his return from the latter part of that month, visiting New York and Chicago before coming to this city.

To Tour the World. Mr. and Mrs. W. H. Jameson and family will leave September 13 on an extended tour around the world. The party will visit Honolulu, Japan, China, Korea, Manchuria, Malay Peninsula, Java, Borneo, India, Ceylon, Egypt, and other places. They will make an extended tour through Europe.

"What'll it do to me?"

"It's a slow poison," it takes about thirty hours to reach the brain. You won't begin to feel it for twenty-four hours. Then—"

"Well, then?"

"It will begin to work. At this moment—of exactly twenty-four hours—you must come here. It will make no difference then, you understand. You must be here at that time, for the success of the operation will depend on your getting here. You'll have no object, of course, in not coming."

"As I understand it, I take this stuff now, you give me the bonds, and I come back in twenty-four hours to complete the bargain, is that correct?"

"That's it. The moment you take the stuff the bargain's been made. It only remains for you surely to come back. You see I am trusting you to do much."

"I'll do it."

The doctor went over to his safe, and in an inner compartment found a small bottle. From this bottle he put twenty drops in a wineglass. Into this glass he poured some distilled water. He stirred the mixture with a glass syringe that he had held over a gas flame.

"Drink this."

"And in twenty-four hours—"

"You will begin to feel it. Be here then."

"After that—"

"I shall have everything ready. You may die in three hours; you may live four—depends on vitality. Remember, be here in exactly twenty-four hours. You may take away the bonds. Here they are. First, the dose."

The man lifted the glass to his lips, as a man holds a glass of wine.

"Doctor," he said, "your health. May your experiment prove a success. Here's to you."

He drained the glass, picked up the bottle, and bowed himself out of the office.

"It was 9 o'clock in the morning. He had all day before him. Rapidly his mind worked, planning out the details of his duty. He had no time to think of death. He must provide for his family."

First, he hurried to a bank. One of the tellers of which he knew. He deposited the bonds in a safe deposit vault, in his wife's name as well as his own. He arranged to have the water run out of any vessel. Now, to get to watch the brain as the last bit of force leaves it."

"If you should be discovered?"

"It would be considered murder, of course, by the courts. I would then be a martyr in science. But if I win the greatest discovery in modern times will have taken place. You are worth-while, so it is. You can't even take care of your family, and—"

"What's the price?"

"Twenty thousand pounds. Here are the bonds—government—just like much."

"Um. You turn them over to me after I'm gone, I suppose."

The man looked at the package the doctor had brought forth from his desk. The bonds looked splendid. But he was a man who was suspicious.

"If I turn them over to your wife," said the doctor.

"No, sir. It's got to be done before-hand. That's only fair."

"You'll come back?"

"Of course I'll come back—if I say will."

The doctor smiled.

"You'll swallow the poison first, won't you?"

lawyer and sign some papers, and to the bank and have the account put in your name, and first to get you some clothes. Oh, my dear! there is no time to lose."

His will asserting itself so strongly, left her no alternative. He overpowered her mentally.

The two children were left in charge of the third, a little girl of 18.

He hurried to the dress shop, where a suitable gown was purchased and a new cloak. From there they went to the bank. All the money was placed in her name on deposit. The key of the safe deposit vault was turned over to her. Then they proceeded by the first train to the country, after eating a hurried luncheon, and the estate transaction was made plain, the papers signed, then to the lawyer's, where the title was arranged for, and lastly to the new home. Then back to town, where they arrived at six o'clock.

The man's wife was in a daze. Events had moved so rapidly, her husband had been so positive about everything, that she had had no time to understand. But at last she demanded to know what it meant. He smiled. "Perfectly simple," he said. "A man whom I once knew and befriended—an old bachelor—had suddenly an left me \$25,000. Now, you know that I have never been able to keep money. I was afraid that I might have an impulse to do something with it—speculatively, for instance—and so I determined to lose no time and turn it all over to you. Everything is now in your name, even all the money in the bank. When the title for the house passes you will give your check for the rest. You can sell another bond if necessary to buy your furniture. After that you will have the income at 4 per cent of \$10,000, and a house free and clear. I wanted to have you in full possession of it all, so that there would never be any doubt of your being well taken care of."

The next morning he rose earlier than usual. He looked at the clock over the next building and was thirty. He was due at the doctor's at nine.

"We will have a fine breakfast," he said, and going out to the caterer's came back with a full basket.

His wife still regarded him with surprise. The unexpectedness of the whole affair had taken her off her feet. It seemed too good to be true. Nevertheless, she entered into the spirit of the affair.

Such a breakfast they had not had in years.

He looked again at the clock through the window.

"I have an engagement," he said, "at nine."

"And when will you come back?"

"I cannot quite tell. I am gone longer than noon, however, I will send you word."

"And the furniture for the new home?"

"Ah, my dear, you know my taste is not of the best. I leave it all to you. Expect me when you see me."

He hurried, then he kissed her and the children in turn.

"Remember," he said as he went out, "you are now to be happy—happy all the rest of your life, for there is never any occasion for you to want."

He hurried to the doctor's house. It was on the stroke of nine when he entered.

The doctor, on his face an immense look of relief, almost embraced him as he entered.

"Of course you would keep your word. No reason why you shouldn't. You have arranged everything."

Exerting all of his mental control the doctor managed the man's mind.

Neither spoke. Hours passed. Ten o'clock, eleven, twelve, one, two. The doctor sprang up. He realized that he had failed.

"It's no use," he muttered. "We shall have to do something else."

"What do you mean?"

"I mean this. That poison is inevitable in 10,000 cases. You are the one exception. And the reason for it is this. You have a psychic reaction, and by means of this the poison failed to work. Why, man, no poison would have had any effect on you. From a latent disposition they were intensely lifted into a time, where of intense activity and elation. This produced what might be termed an unconscious reaction in which you were immune to any poison. There are cases where such a thing has occurred, but they have been so rare as to be almost unknown. Well, we must try some other means."

But the man edged toward the door. Before the doctor could stop him he had quietly turned and gone.

"No more for me," he said.

"What do you mean?"

"I haven't. I kept my bargain."

"You haven't?"

"That isn't my fault. I'm not responsible for your mistake. Besides, I don't see that you can do anything to help me. Any exposure to natural light would ruin me."

The doctor rushed forward and stopped in front of the man, who looked at him impudently.

"Are you going to give me back my property?" he asked.

"How can I? It doesn't belong to me any more. But, doctor, I tell you what I will do."

"Well, what?"

"You drop in and see my wife about it, and I'll be agreeable to anything she says. Good morning."

traceable chiefly in the relationship of increase of exports over imports which first occurred in 1901, and has been on a growing scale since. The warm welcome accorded to all immigrants and the care bestowed upon them is but an additional proof of the forward policy which permeates the government.

On January 1 of this year there were operation 25,000 kilometers of railway, which is 12,411 kilometers per 10,000 of population as compared with 25.50 per 10,000 in the United States of America, and is thus the highest rate in the world. The comparison would be of little value, however, were it not for the whole policy in regard to railway construction, for the enormous differences in population both as regards class and numbers stand in the way of any genuine comparison.

As financial propositions, however, the railways are of extreme interest. Much of the land traversed is as yet undeveloped, and for some years only feeder lines would be essential to cope with the extra produce following on a natural flow of immigration. The railways are highly productive nevertheless, and the increase in the ten years ended 1908 was remarkable. In 1908 there were 16,431 miles in operation carrying 16,478,000 passengers and 4,424,141 tons of freight. The capital invested was \$123,317,000, and the net profit, \$12,126,285. In 1909 the mileage had increased to 24,344, the number of passengers to 47,150,351, the freight to 22,311,007 tons, the capital to \$161,037,400, and the net profit to \$23,261,200 gold.

Since further progress must depend largely on an increase of population, the figures given in regard to wages are of more than passing interest. The paper dollar is worth about 18, 1d, and goes rarely for less than 15, 1d, being often much less. It is more to agriculture than to manufactures that Argentina must look for increased trade, and hence there is room for almost unlimited expansion. On this head Mr. Martineau says:

Admitting that this country has the same average potentiality for producing food and other resources for sustaining human life and that its soil possesses a similar wealth of material adapted for industrial purposes to that of Germany—a very flattering supposition—it follows that the Argentine has room for a population of 250,000,000 more, or, at any rate, 100,000,000 of souls besides those already in the country could live here as easily as anywhere else in the world.

In confirmation of this statement figures are given of the actual increase of agricultural production both in volume and in proportion to area. The total of farm produce in 1908 was \$78,840,000, which was an increase of about half with \$54,000,000; maize, \$184,000,000; grapes, \$72,000,000; flax, \$94,000,000; oats, \$5,000,000. Mr. Martineau would set an interesting example of the cost of cultivating 100 hectares of wheat and he estimates the first year's profit at about \$200, without any allowance for the raising of stock of any kind. Such figures, however, are so liable to fluctuation through natural causes that they can only be taken as indicative of the possibilities, and no allowance has been made for the cost of land, which varies widely. The inclusion of such an estimate is, however, more than justified in view of the record of progress which has been made in the past decade.

OUR PECULIAR MATHEMATICS.

Fingers and Toes—Have Had Much to Do With Our Way of Counting.

Did it ever occur to you as strange that while we count by tens, we buy so many articles by dozens? If we ask the price of apples, oranges, oysters, eggs, collars, handkerchiefs and other things we will be told so many cents or dollars a dozen, or if large quantities are wanted, so much a gross, which means a large or dozen dozen.

How do you suppose this has come about? It was this way: Nearly all savage people counted by fingers, that is, if they wanted to tell you they have seen two wild beasts they will hold up two fingers, and if ten they will hold up both hands, and if twenty both hands twice, and so on. Babies also learn to count by their fingers and so soon as you try to divide ten by five, for example, you have ten apples. You can only make an equal division among two or five persons, while if you have twelve you can divide equally number to two, three, four or six. We find the same inconvenience in dividing cents for what should properly cost 12 1/2 cents.

The Candy of Quality

FOS-REZ-O

Chocolates

The Most Popular Confection

Nothing so thoroughly satisfying as the peculiar craving for something sweet—so delectable and delightful FOS-REZ-O CHOCOLATES.

They are deliciously Nutritious, exquisitely flavored and chemically pure.

FOS-REZ-O CHOCOLATES are rich, high class bonbons, and were made in response to a demand for "something better."

An ideal sweet treat for those who desire an article of unusual merit. Sold at 75 cents per pound. Mail orders 15 cents extra per pound.

FOSGATE & REES

449 So. Broadway

KEEP COOL—KEEP HEALTHY

"BATHASWEET"

When tired, warm or run down, shake a little BATHASWEET in the tub when bathing. BATHASWEET softens and perfumes the water instantly. 25 cents in 25 cent can.

Hamlet Moreman

Upland youth, who went up from sixteenth to eleventh place, yesterday, with high score.

It took some time to get there, after coming in from Pasadena, so it was a pretty well along toward noon when he called at a house in the suburbs of Pasadena. The lady told him of a place where she was quite certain that he could get a new animal, and she offered to lend him a bicycle to go, but before he started upon it, she insisted that he should have dinner, and a royal dinner it was, then she told him to go to the laundry and get a big bundle of soiled clothes and sent them to the Sterling Laundry, No. 713 Clinton street, when they were sorted over one of the laundry employees found a little bag containing ten double eagles in a pocket in one of the shirts. Curry says there were twelve but only ten were turned over to the detectives by the laundry proprietors.

Within a few minutes of receiving the cash the detectives were called up

Marlborough School for Girls

865 West 23rd Street
Full term begins Sept. 17th. Over 100 admits to college. Pupils under 14 not received.
Reference from school last attended absolutely necessary if applicant is unknown to the principal.
Monthly income in French, with stenography, by Miss Jacquard, Associate of the French Alliance.
Catalogue sent on application.
Sept. 14th every afternoon from 2 to 4.
MISS GRACE WILTHEIMER, Associate Principal.

Girls' Collegiate School

CASA DE ROSAS
Adams and Hoover streets. Reopens September 17th.

Preparatory, Academic, Post-graduate courses. Certificate after college admission to college. Special work in Art, Music, Domestic Science, Gymnasium. Limited number of resident pupils.

MISS PARSONS and MISS DENNEN Principals. Telephone 2554; West 717.

Lower School

For girls under 14 years of age. Kindergarten, Primary, Intermediate, Grammar, High School. Carriage sent if requested. Resident pupils limited to twelve. A thorough school and delightful home.

Interviews in morning, or by appointment with Principals. MISS THOMAS and MISS MCGARVEY. Telephone 2281; W. 4332, 948 W. Adams.

Los Angeles Business College

417 W. 5th. Inc. 1880. Both Phones Superior in Every Way. Get Ready.

YALE SCHOOL

E. G. ADAMS, M.A. (Yale) Head Master.
Boarding and Day School for Young Men and Boys. Five for any college. Fine Gymnasium. Perfect branch. Art, music, outdoor study. Reopens for twenty-first year Sept. 23rd.
Home 614. AINRA B. ORTON, Prin.

CALIFORNIA SCHOOL

Boarding and Day. For Boys. Open at year. Military drill, athletic field, etc. 1544-52 Loveland Ave. N. WILLIAM BRICK, M.A., Prin. Home 23072.

Miss Abell's School, Individual Instruction

1154 So. Alvarado
Pupils may enter at any time. Margaret E. Abell, Principal. Phone 52517.

Harvard School (Military)

Western Ave. Boarding and day school. 10-acre athletic field. Manual training. Shop. Detached U. S. Army officer. Teachers. Full term begins September 15. Write for illustrated catalogue. Tel. 17341. Greenville C. Emery, Litt. D. Head Master.

50¢ SCOTT'S Eczema SALVE

Instantly relieves and cures all chronic skin diseases. Recommended by medical men. SUN DRUG CO.'S STORE.

Hamlet Moreman

Upland youth, who went up from sixteenth to eleventh place, yesterday, with high score.

It took some time to get there, after coming in from Pasadena, so it was a pretty well along toward noon when he called at a house in the suburbs of Pasadena. The lady told him of a place where she was quite certain that he could get a new animal, and she offered to lend him a bicycle to go, but before he started upon it, she insisted that he should have dinner, and a royal dinner it was, then she told him to go to the laundry and get a big bundle of soiled clothes and sent them to the Sterling Laundry, No. 713 Clinton street, when they were sorted over one of the laundry employees found a little bag containing ten double eagles in a pocket in one of the shirts. Curry says there were twelve but only ten were turned over to the detectives by the laundry proprietors.

Within a few minutes of receiving the cash the detectives were called up

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

TWO CITIES JOIN HANDS.

Pasadena People Hold Picnic at Long Beach.

Six Thousand Persons Are Well Entertained.

Spirited Contests in Ocean and on Track.

Office of The Times, No. 24 S. Raymond Ave.

PASADENA, Aug. 18.—The much heralded Pasadena day picnic was appropriately celebrated yesterday at Long Beach. The crown of the valley and the queen of the beaches joined hands in festivity. The great crowd was splendidly handled and joyously entertained. Not an accident happened to mar the picnic.

It took ninety-eight of the Pacific Electric Company's big suburban cars to haul the two cities. The joy-seekers started moving ocean-ward as early as 7 o'clock and there was plenty of room for every one.

When the official car, carrying the Executive Committee, directors of the Pasadena Chamber of Commerce, Mayor Earley and his official family arrived at Long Beach, it was met by Mayor Windham, and the Oldham Committee of the Chamber of Commerce.

"Welcome to our city," said Mayor Windham, as he rushed up to the car door to shake hands with Mayor Earley. "Our ocean is free, our big Auditorium is yours, the Pike is alive with gaiety and it all belongs to our guests from the Crown City today."

Mayor Earley, several Councilmen and members of the Executive Committee were given a luncheon at the Virginia. President Goebeke was also invited but declined, stating he preferred to enjoy the picnic dinner with the crowd.

Following luncheon the two Mayors conferred with their respective cities. Mayor Earley asked for advice as to the best method to carry bond elections and Mayor Windham wanted to know the latest methods of paving streets.

Stupendous was the picnic dinner at the Auditorium, where 500 sat down at the long rows of tables. The menu featured fried chicken, cake, pie and other good things. The entertainment Committee provided free coffee, lemonade, grapes, peaches, apples and baganias and glad tidings. The Long Beach Band furnished music.

One of the diversions of the day was the presentation of a bouquet to W. Herlihy by Mayor Earley on behalf of the Official Committee, in recognition of his services as a member of the committee. Yesterday was Herlihy's birthday. He would not tell which one, but in making the speech Mayor Earley stated that he understood it was Herlihy's sixtieth and the bouquet consisted of a liberal quantity of carrots, cucumbers and cabbage.

One of the most interesting numbers on the program of forty-two numbers was the baby show. Nineteen completed. Of these only one, a baby girl, got the first prize and the authors of the others said the inspection Committee couldn't tell a pretty baby when it saw one.

The track events were decided thus: The 100-yard dash, boys under 14; A. Jannock won, C. Jannock second. The 200-yard dash, boys under 14; Apple and Leavitt won, Rice and Woodward second. A. Cooper and L. Cooper won.

The 100-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 200-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 100-yard dash, boys under 14; Apple and Leavitt won, Rice and Woodward second. A. Cooper and L. Cooper won.

The 100-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 200-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 100-yard dash, boys under 14; Apple and Leavitt won, Rice and Woodward second. A. Cooper and L. Cooper won.

The 100-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 200-yard dash, girls under 14; Estina Jenks won, Eugena O'Connell second. The 100-yard dash, boys under 14; Apple and Leavitt won, Rice and Woodward second. A. Cooper and L. Cooper won.

BRANCH ORGANIZED.
The thirty-six members of the National Conservation Association now living in Pasadena met last night in the Board of Trade rooms for the purpose of organizing a branch office.

Charles F. Holder, chairman; C. D. Daggett, vice-chairman; C. H. Priest, secretary and treasurer. The chairman was instructed to appoint an Executive Committee, consisting of five members, for the purpose of perfecting a permanent organization, and outlining the work to be done. The object is to cooperate with the national organization.

Mrs. Lily May Nolan, wife of George Nolan, died early yesterday morning of tuberculosis at her home, No. 823 Stratford street, South Pasadena. She was 25 years old and had resided in South Pasadena for five years. The funeral will be held at the parlors of the Reynolds-Van Noy Company this afternoon at 2:30 o'clock.

Stanley Barker and C. Gibbs were arrested yesterday afternoon by Constable Harley Newell on a warrant charging them with breaking into the pump house on a highway near the city limits and stealing about \$100 worth of tools. They were locked up in the City Jail.

THEATER PARTY.
Arthur Dodsworth will be the host this evening at an Orpheum party which will be preceded by a dinner at the Alexandria, given by Miss Bassett.

Charles W. Baker of Bellefontaine street left yesterday morning for the north. He is on his way to San Francisco to attend to business.

Stanley Barker and C. Gibbs were arrested yesterday afternoon by Constable Harley Newell on a warrant charging them with breaking into the pump house on a highway near the city limits and stealing about \$100 worth of tools. They were locked up in the City Jail.

THE EXPLOSION OF a gasoline tank in the Mission apartments on Locust avenue this afternoon caused excitement among the roomers. The fire department extinguished the flames before any serious damage was done.

At a meeting of the department heads of the Y.M.C.A. held yesterday at the Y.M.C.A. building, the new physical director, who recently won the honors at the National Athletic meet in Chicago, Thompson, is expected home next week.

The Enchantress, belonging to J. W. Patterson of the Sunset Yacht Club, was being thoroughly overhauled and was taken from the ways of the Western Boat Works this evening.

VETERANS ENTERTAINED.
They Enjoy the Hospitality of Comrades at Soldiers' Home and Listen to Speeches.

SOLDIERS' HOME, Aug. 18.—A contingent, numbering more than 100 veterans and ladies of the Southern California Veterans' Association, now holding its annual encampment at Huntington Beach, made an excursion to Los Angeles yesterday.

At a meeting of the department heads of the Y.M.C.A. held yesterday at the Y.M.C.A. building, the new physical director, who recently won the honors at the National Athletic meet in Chicago, Thompson, is expected home next week.

TAKES POISON BY MISTAKE.

LONG BEACH WOMAN SUFFERS INTENSE AGONY.

Representative of the War Department instructed to Make Survey of Inner Harbor—Tourist Loses Money While Bathing—Bessie Hospital Granted Permit for Building.

LONG BEACH, Aug. 18.—Mrs. Raymond C. Anderson, wife of a Pine-avenue jeweler, is in a critical condition, the result, it is said by the family, of taking a dose of poison accidentally. Mrs. Anderson had a solution of bichloride of lime for disinfecting purposes, and by mistake drank it, under the impression that it was water. Physicians were called and they worked over an hour with the victim, who was suffering intense agony. Finally some relief was obtained, but she is not out of danger, and her condition is regarded as serious. The Andersons live at No. 421 West Ninth street.

Coroner Hartwell has decided that no inquests are necessary in the case of W. J. McCaslin and Thomas McBride, both of whom shot themselves on Tuesday. In the first it was a case of suicide, and indications in the McBride case were that the shooting was accidental. Both funerals were held today.

TO SURVEY HARBOR.
Capt. W. P. Storkey of the government Corps of Engineers has been ordered to make a survey of the Long Beach inner harbor, the cost of which will be paid by the War Department. The survey is the first official recognition given by the government to the harbor, which has been developed by private capital. The Chamber of Commerce was notified this morning and appointed P. E. Hatch, C. J. Curtis and J. P. Craig a committee to give Mr. Storkey all the assistance and information he may desire. The survey will consist of the general location of the harbor, its depth, width of channels to be dredged, prospective commerce of the locality and improvements that might be made. The report is favorable. Congress will doubtless make an appropriation for further improvements.

J. H. Steele, a visiting tourist, took a dip in the surf today, and when he returned to his dressing-room found that a \$25 check on the Nashville, Tenn., bank was missing. Payment on the check has been stopped.

M. E. Boardman, aged 52, fell down the bath-house steps last evening and suffered a fracture of one shoulder. An hour earlier Miss Minnie Turner, a visiting tourist, had her left leg broken above the knee.

The Bessie Hospital was granted a permit this afternoon to erect a building on Loma Vista Drive in the Knoll Park tract, on the west edge of town, to cost \$100,000.

GLANDALE'S AMBITION.
The explosion of a gasoline tank in the Mission apartments on Locust avenue this afternoon caused excitement among the roomers. The fire department extinguished the flames before any serious damage was done.

At a meeting of the department heads of the Y.M.C.A. held yesterday at the Y.M.C.A. building, the new physical director, who recently won the honors at the National Athletic meet in Chicago, Thompson, is expected home next week.

AGITATION IS CONDEMNED.

BOROUGH GOVERNMENT PLAN IS NOT FAVORED.

Wilmington Chamber of Commerce Passes Resolution Denouncing the Scheme as Detrimental to the Best Interests of the Section—High School Homeless.

WILMINGTON, Aug. 18.—The agitation started recently by certain parties, who have become dissatisfied with the delay in starting improvements by Los Angeles, looking to the establishment of a borough government for Wilmington has assumed such proportions that it has called forth a strong protest from the local Chamber of Commerce. At its meeting last night a resolution was adopted denouncing the scheme as detrimental to the best interests of Wilmington. The business men of the town recognize the fact that time is a large element in carrying out extension projects, and for the development of a great harbor, years instead of months are required. The agitators for self-government assert that Los Angeles has failed to fulfill her reclamation promises, in that no improvement of her streets or harbor has been made during the year since consolidation went into effect. On the other hand, those who are opposing a change, hold that the prospects are good for work to be done. During the year, a survey of the city has been in progress and the engineers' office is now ready to establish street grades and a sewer system. The promise has been made of a special issue of \$100,000 to be included in the annual budget for street improvement and establishing a municipal ferry. This will be a start and will give a new impetus to the growth of the city. Some of the business men are getting ready to raise their brick bulwark of opposition to conform to the official grade. This will require a raise of about seven feet above the present level.

The continuation of the continuance of the High School seems to be imminent. County Superintendent Keppie notified the board that a high school principal would be provided, who should also have charge of the grammar school. This was very satisfactory to the people, but it will be found difficult to secure the required number of pupils. Also it is reported that there is trouble in securing a room for the High School. At first it was thought that the City Hall would be an admirable place for it, but it is found that if used for any other purpose, the property would be forfeited. The donor has not yet expressed himself on the matter, but it is reported that he will be carrying out the terms of the deed.

A delightful social was held yesterday at the home of Mrs. W. Wood in the Ladies' Social Circle. It was in the nature of a surprise to Mrs. Wood, who was visiting her home with her parents during the year.

Rev. W. H. Evans, pastor of the Presbyterian Church, is in a strong Republican vein. His sermon last Sunday was a strong endorsement of the party.

WAS SOME PUMPKINS.
Reporter, Who Butts in and Asks Questions, Marvels at Boss Stevedore's Politeness.

"How'd you do? Come in, sir, and sit down." The invitation came from the inner recesses of the North Pacific Steamship Company's office, on the San Pedro wharf, yesterday afternoon. It was accepted by a young man standing outside. Nothing peculiar about the young man except that he wore a light hat and dark suit of clothes.

At the dock, the steamer Yellowstone, loading apples, was being rushed by the steamer to sail as soon after 6 o'clock as possible. After waiting a few minutes in the office the young man strode over to the side of the steamer.

The men were straining to the task of loading the apples. The young man, who was standing outside, was looking at the men. He was looking at the men. He was looking at the men.

"When will she sail?" he asked. "The steamer will sail in ten minutes," answered one of the men. "When will she sail?" he asked. "The steamer will sail in ten minutes," answered one of the men.

"When will she sail?" he asked. "The steamer will sail in ten minutes," answered one of the men. "When will she sail?" he asked. "The steamer will sail in ten minutes," answered one of the men.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SAN BERNARDINO.
INSURGENTS IN THE MINORITY.
REGULARS WILL CONTROL THE COUNTY CONVENTION.

Out of Three Hundred Delegates the Lincoln-Roosevelt League Has But Fifty—Only Voter at Whipple Nominates Himself for Office and Acts as Election Board.

SAN BERNARDINO, Aug. 18.—The regulars will have absolute control of the Republican County Convention, which will meet Saturday of next week. Even in Redlands, where the Lincoln-Roosevelt League swept everything else, the league lost seven out of ten precincts, so far as convention delegates go. Hence Redlands will send to the convention forty-eight regulars and eighteen insurgents. In San Bernardino the regulars captured eleven out of twelve delegations. It is estimated that out of a convention composed of 300 delegates the insurgents will have but fifty representatives.

A. H. Skinner, who was defeated by the Republicans for the nomination for supervisor, E. W. Reid winning, was nominated on the Democratic ticket. Skinner is a Lincoln-Roosevelt candidate. The Democratic nomination puts him in the race at the general election against Reid.

NOMINATES HIMSELF.
Charles F. Harper, the only voter in Whipple precinct, far out on the desert, nominated himself for the office of constable, acted as inspector, judge of election, in fact, the entire election board. He cast the only vote for himself, and this morning brought in the "returns." Harper is also Justice of the Peace of Calaca. He resides at East Newport, on the coast. His name will go on the ballot as Republican and Democratic candidate for Constable of Whipple township at the November election.

RESCUES MOUNTAINEER.
C. B. Paine, 70 years old, was rescued by Dr. E. Blair, superintendent of the State Hospital at Patton, after wandering for hours among the mountains. Dr. Blair happened upon the aged mountaineer late in the night after the latter had become exhausted from climbing ridges and beating his way through the brush.

DIES AFTER OPERATION.
Fred Jones, 18 years old, son of Mrs. T. W. Duckworth, died last night at the California Hospital at Los Angeles. He was operated on a few days ago for appendicitis. The remains have been received here and will be interred in the local cemetery. The deceased was a high school boy.

A marriage license was granted here today to Guido John Wigenhorst, native of Wisconsin, age 28, resident of Pasadena, and Mathilde Belle Stephens, native of North Dakota, age 23, resident of Phoenix, Ariz.

ONTARIO.
WATER REPORT IS PRESENTED.
CONSULTING ENGINEER MAKES RECOMMENDATIONS.

Public Meeting Called to Consider Matter and If It Approves the City Council Will Call Bond Election for One Hundred and Fifty Thousand Dollars.

ONTARIO, Aug. 18.—Consulting Engineer F. E. Trask of Los Angeles, engaged by the Water Committee of the Chamber of Commerce and the City Council to draw up preliminary plans for the installation of a new water supply system, has reported. He investigated the supply this city has to draw from, and finding it abundant, drew his plans for a system that would supply 20,000 persons. If the population will reach that figure long before the bonds for the water system are paid. The present pipe system is supplying a population of 100,000, was designed for 100,000 people, and is entirely inadequate.

Engineer Trask calls for two distinct systems in one. One will be for that section of the city lying north of Sixth street. To supply pressure for a 20,000 gallon reservoir located at Twelfth street is planned. The other section will take in all the territory south of Sixth street, for it is a 1,000,000-gallon reservoir is planned to be constructed just south of the Santa Fe railroad. The estimated cost is close to \$1,000,000. A meeting of the water committee was held for Monday evening at the Luna Operahouse. Trask will fully explain the plans. If the proposition is endorsed the City Council will take steps to call a bond election for \$1,000,000, to be held early in October.

The City Council has again received a communication from the Automobile Club of Southern California, calling attention to the wretched condition of Tenth street, the boundary line for the cities of Ontario and Upland, and asking that it be improved. The road is much traveled, being on the Camino Real between Los Angeles and San Bernardino. The City Council promises to put the road into shape as soon as funds are available.

Arrowhead Hot Springs baths cure Bright's disease and diabetes.

VETERANS SALUTE FLAG.
Stirring Scene at Huntington Beach Where Old Soldiers Are Encamped. Campfire Attracts.

HUNTINGTON BEACH, Aug. 18.—The Stars and Stripes were run up on the flagpole at the parade grounds near the veterans' encampment at 10 o'clock this morning. Bugler Miles Henderson sounded the call and the cannon boomed a hoarse salute. Although a large delegation left earlier on their trip to the Soldiers' Home at Sawtelle, more than 600 veterans were present together with hundreds of citizens and members of the Ladies Auxiliary societies. The entire audience joined in singing "The Star Spangled Banner" as the flag was raised by Maj. J. S. Hattery of San Bernardino post. The scene was a stirring one. Col. A. Merrill of Long Beach was introduced by Commander Wilson and delivered an impressive and patriotic address. At the close the audience again joined in singing and the strains of "Columbia, the Gem of the Ocean" floated over the mass of tents which are the temporary homes of thousands of the country's aged defenders.

A camp-fire was held tonight in the Auditorium, which was filled to overflowing. Stories of personal experience in the Civil War, army songs and jokes and several entertaining talks were given. The occasion was somewhat saddened by the news that the wife of Col. E. J. Langley of Santa Ana is in a critical condition. Her husband is in attendance at her bedside. Col. Langley is among the most popular officers of the Veterans' Association.

Lieut. Frank Hobart of Ventura will deliver a lecture tomorrow afternoon on "Prison Life in the Civil War." He was an inmate of Libby and Andersonville prisons, being only released from the latter by the close of the war.

EDUCATIONAL DRIFT.
The Board of Education of Brooklyn, N. Y., has established 115 playgrounds in the city for children, and 150 playgrounds for mothers and babies (in which the younger children can also play) on the 12 open-air grounds, or athletic fields. The attention on these various places is over 100,000 each day. In the playgrounds the children have teachers to watch over them, to see that they do no harm to any harm. These teachers, too, direct them in their play. If they do not know how to play, they would be astonished to find that there are many children who do not know how to play, and as it may seem—they are taught. There is a few playgrounds when they are not directed. They are also taught ring games, and games in which a large number participate, learning the community lesson and the value of leadership. The girls also learn to dance and the boys to take part in athletics of all kinds. In many of the playgrounds there is a library exhibition and contests are frequent. Besides this, there is a game room, where the children can play quiet games or read books. All that is required in the playground or in the library is that the children shall be fairly orderly, and respect the rights of others. In nearly all the playgrounds there are hammocks for babies, where the little ones can sleep while the "little mothers" or "little fathers" can play.

A class of twenty commissioned officers from the United States Service School in Fort Leavenworth, Kan., recently studied the history of Sherman's famous march by making a trip on horseback over the route of march from Chattanooga to Atlanta. They had with them five instructors and a number of enlisted men, and were under the charge of Maj. J. P. Morrison of the United States Army, a recognized instructor in military tactics. The party visited all places of the fighting en route.

The inn-keepers of Switzerland know the value of good dining-room service, and ever since 1892 they have maintained a school for training waiters of Coe, near Lausanne, in a beautiful park overlooking Lake Geneva. Here the students receive careful attention regarding their physical, mental and moral development. The institution has an eight-months' course. Recitations and lectures are held every day of the week on matters pertaining to the practical management of first-class hotels. Naturally, languages play the most important part. The scholars are taught proficiency in French, German, English and Italian. It is recognized that a good waiter should speak all four of these languages, and the men who receive their training at these schools as waiters all expect to become hotel managers eventually.

A bill is to be presented to the next New York Legislature for the establishment of an agricultural school on Long Island, where the boys of the city slums may be given an opportunity to become farmers or to learn some useful trade. It is believed there are many boys who would be glad of an opportunity to attend such a school where they would be instructed free of charge. The school is to be supported by the State and city.

It cost Chicago just \$22.33 to educate each pupil in the public schools of that city during the school year ending June 30, 1909. The average cost in elementary schools was \$22.33, but the high schools brought this up to \$26.33. The technical high schools cost more than the other high schools, and the high schools where manual training is taught cost considerably more than those where it is not a part of the course. The total amount of money expended on the Chicago schools during the year was \$11,928,730.81.

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabbath, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and I have before child-birth and am all surprised to see how much good it did. My physician said 'without doubt' it was the Compound that helped you. I thank you for your kindness in advising me and give you this permission to use my name in your testimonials."—Mrs. H. W. MITCHELL, Box 3, Sabbath, Me.

Another Woman Helped.

Granville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women, I am willing to publish my letter."—Mrs. CHARLES BARCLAY, B. F. D., Granville, Vt.

Women who are passing through this critical period of life are suffering from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.
